Talbott Right In Resigning, Ike Declares

Air Force Secretary Set To Leave His Job Week From Saturday

WASHINGTON (AP) — Harold E. Talbott will step out as secretary of the Air Force a week from Saturday lest his profits from an outside business interest "embarrass" the Eisenhower administration.

President Eisenhower, promptly accepting Talbott's resignation late Monday, told Talbott, "Your decision was the right one." There was widespread agreement.

Had Done Good Job

Some said Talbott had done a good job as secretary. Even one Democrat said that. But no one in Washington said publicly that Talbott shouldn't have quit.

Eisenhower, in an exchange of letters made public by the White House, praised Talbott's official services as "effectively and loyally performed."

Talbott, a 67-year-old Ohioan, had come under critical scrutiny by the Senate Investigations subcommittee because of an outside business connection which returned him $132,032 in his 2½ years as secretary. He had told the senators he would give it up.

Chairman Paul M. Butler of the Democratic National Committee and some of his fellow party members had called on Eisenhower to fire Talbott, asserting the secretary used his official position for personal gain. Talbott disputed that.

Ethics Not Discussed

Beyond saying Talbott had made the right decision, Eisenhower did not discuss the ethics of the situation in accepting the resignation.

Talbott wrote the President that he himself was "clear in my mind and conscience that my actions have been within the bounds of ethics."

Talbott left it up to the President as to when he should leave. Eisenhower set Aug. 13.

In a letter delivered to Eisenhower earlier in the day by Secretary of Defense Wilson, Talbott wrote he was resigning "because I would not in any circumstances wish to be a source of embarrassment to you or your splendid administration." He sent word to newsmen he would have no comment beyond his letter.

Possible Successor

Pentagon sources said they believed the President would take his time deciding on a successor.

These have been mentioned as possibilities: Gov. George N. Craig of Indiana; Rep. Carl Hinshaw (R-Calif); James Douglas, undersecretary of the Air Force; Lee White, a New York lawyer and former assistant secretary; and Fred Crawford, a Cleveland industrialist.

Adjournment Delayed

Congress Snagged On Public Housing

WASHINGTON (AP)—A dwindling band of Congress members makes another try today at winding up the 1955 session but formidable barriers still stand in the way of adjournment.

Weary leaders hoped to quit by late tonight. But many hours of talk and several key votes remained.

Meanwhile, more senators and representatives were leaving for home, for Europe or on other trips long planned in anticipation of a July 30 adjournment.

Senate Control in Doubt

It appeared that in the Senate the Democrats might have lost their voting majority, which rests on only two votes with all members present. On a key vote Monday night, won by Republicans, there were 37 GOP senators and 33 Democrats on hand.

The big fight remaining in the House involves the housing bill, most important piece of legislation left with any chance of enactment.

The Senate still has action on two nominations and a sugar quota bill, and must decide how to settle an almost unprecedented row with the other branch over a housekeeping matter—raises for legislative employes.

Conferees agreed on the housing measure Monday afternoon over House GOP objections and the Senate promptly passed the compromise.

Issue Still Unsettled

But some House Republicans predicted that with help from Southern Democrats they would return it to conference today over the perennial issue of public housing.

The compromise, among other things, would authorize 45,000 public housing units in the next year; the Senate had voted for 135,000 annually for four years, the House for none. President Eisenhower asked 70,000 units over a two-year period.

As to the snarl over the legislative money bill, the Senate appeared to be faced with two choices, both unpleasant. It could:

1. Accept a stopgap resolution rushed through the House late Monday to finance Congress on the same basis in the year ahead as in the preceding year.

2. Back down completely in its stand on the regular money bill, now in conference, and accept a schedule of pay increases for House legislative employes.

Senate leaders said the House sought to insert the pay schedule in conference, even though it was not in the original bill as it passed either branch. This is against the rules.

Martin Claims Congress May Be Called Back

WASHINGTON (AP) — Republican leaders said after a White House conference today that President Eisenhower "intimated" a special session of Congress may be necessary if a satisfactory housing bill is not passed before adjournment.

Rep. Martin of Massachusetts, House Republican leader, said the Senate-House compromise on this legislation approved Monday by the Senate is "administratively wrong" and not satisfactory to the administration.

"The President intimated," Martin said, "that there might have to be a special session if we did not give him a public housing bill."

The conference report which the Senate accepted provides for 45,000 public housing units for one year, an additional 100,000 units in the military housing program, a new 500 million dollar program of slum clearance and extension of various other housing activities including a four billion dollar increase in mortgage insurance authority.

That measure was up for House consideration today and Martin said he would make every effort to send it back to make it "more palatable to the administration."

House Republicans refused to sign the conference compromise.

Martin said there is no quarrel over the 45,000 public housing units.

When the House Republican leader was asked what is wrong administratively, White House Press Secretary James C. Hagerty broke in to mention provisions for insurance of trailer camps, and federal money for such local projects as sewers and police and fire departments.

Geneva Talks Are Recessed For 48 Hours

U.S. and Red Chinese Negotiators Believed Awaiting Instructions

GENEVA (AP)—The United States and Red China recessed their diplomatic talks for 48 hours today after exchanging views on the repatriation of 40 American civilians held by the Peiping regime and Chinese students in America.

There was no communique at the end of today's 55-minute talk between U. Alexis Johnson of the United States and Wang Ping-nan of Red China. But a Chinese spokesman confirmed that the problem of the civilians was discussed and that the next meeting would be held Thursday morning.

Consultations Likely

Although the Chinese source declined to say whether any concrete proposals were made by either side, it was assumed that the recess was taken to permit consultations with Washington and Peiping on the preliminary exchange of views.

A spokesman for the U. S. delegation indicated this might be the regular pattern for the talks — frequent recesses to permit consultations with the home governments.

Neither the U. S. nor the Chinese spokesmen would give any details of the discussions.

Just before this morning's meeting, roving Indian envoy V. K. Krishna Menon conferred with Johnson for 45 minutes, but neither Menon nor Johnson would comment on their conversation.

Sees Settlement Possible

Menon said, however, that he felt the problem of civilian repatriation could be settled without serious difficulties. The Indian diplomat had served as a go-between in getting the U. S.-Chinese talks arranged.

The United States is seeking the release of some 40 American civilians, mostly missionaries or businessmen, held in Chinese jails, under house arrest or unable to get

Actors in TV Films Call Strike Friday

HOLLYWOOD (AP)—The Screen Actors Guild has set Friday for the start of a strike by all actors in filmed television shows.

A spokesman for the guild said that 40 weekly TV series are now shooting in New York and Hollywood. John L. Dales, the group's executive secretary, said that 96.3 per cent of the membership authorized the strike.

"The principal issue . . ." he said Monday, "is the refusal of the producers of filmed television programs to agree to make any residual payments whatsoever to actors for the second run of a video film."

The three-year contract which expired last week gives actors payment on the third to sixth runs, inclusive, in addition to the original showing.

The walkout will not apply to production of theatrical motion pictures.

Gunfire Traded In Little Rock's Transit Dispute

Guards Employed by Firm Shot at From Ambush, No One Hurt

LITTLE ROCK, Ark. (AP) — A gun battle blazed last night between armed guards employed by the struck Capitol City Transit Co. and unknown assailants attacking from ambush.

The gun fight came on the eve of a projected conference between Gov. Orval Faubus and Little Rock Mayor Pratt Remmel who earlier Monday said he might ask the governor to assign National Guardsmen to CTC buses, now operated by nonunion employes.

Struck 14 Days Ago

Lesser violent acts have occurred spasmodically since the AFL Motor Coach Employes Union struck 41 days ago. Union officials have denied any responsibility for the violence which until Monday night consisted mostly of scattered shots against city buses.

Sam Shinnall, CTC guard at the firm's car barn near downtown Little Rock, said the gun battle was touched off when someone fired from the direction of the near-by Arkansas River.

About a dozen shots followed from shotguns and rifles held by the guards and the attackers, but apparently no one was injured. The only damage was a hole puncture in a 14,000 gallon capacity storage tank for diesel fuel and a smashed window in the company building.

No One Arrested

No arrests were made. Shinnall said the fire seemed to come from at least three or four gunmen.

Phillip E. Askey, CTC vice president, said that the guards at the car barn were armed after explosions at the Terry Dairy Products Co. plant here several weeks ago and a lesser dynamite blast ripped apart a shack on a CTC parking lot. Terry, too, is involved in a labor dispute.

CTC has placed its bus runs on a schedule ending at 8 p.m. instead of the usual midnight-1 a.m., final run. The curtailment was announced by the company as an effort to protect the lives of nonunion drivers. Busses were fired

Weatherman's Hot and Humid Song Repeated

The Weather Bureau continues with its hottest and longest playing record of the summer season: hot and humid today and more of the same tomorrow.

The forecast applies to most of the nation as the season's longest heat wave shows no sign of a general break. A little relief came in the form of showers to some areas Monday but it was only temporary.

In Marion yesterday, the mercury climbed to the 95 degree mark and cooled off to 68 during the night.

The high today is once again expected to range between 92 and 98, while the low tonight will be between 68 and 76.

The Plains states were the hottest region Monday with readings ranging from 95 to above 100. It was hotter in Pierre and Philip, S.D., than in the Southwest desert region. Both cities had the country's top marks, 107, compared to 104 at Blythe and El Centro, Calif., and Yuma, Ariz.

Temperatures were in the 90s during the night over most of the plains and in the Southwest.

The tropical storm named Brenda continued to weaken as it moved across southern Louisiana. Rains associated with the storm extended from southwestern Alabama westward across southern Mississippi into eastern Louisiana. Rainfall measuring about 4.5 inches was reported at Mobile, Ala., in 24 hours.

What was left of the small tropical disturbance carried heavy rains and winds up to 25 miles an hour in its west - northwestward movement at about 15 miles an hour.

South Koreans Say Reds Plan Major Assault

SEOUL (AP)—The South Korean government proclaimed its intention today to "restore authority" over a small but strategic area south of the 38th Parallel which the Reds occupied while the armistice was being negotiated.

It did not say how or when it would recover the territory, but said it was necessary for the defense of Seoul and quoted intelligence reports that a "full-scale attack is imminent" from the north.

It charged the attack "was prepared for" by a North Korean buildup contrary to armistice terms "while the United States and the United Nations were preoccupied with a peace at any cost movement."

In a bitterly word statement the ROK government said the Reds have again achieved superiority over ROK forces and "may feel tempted to utilize this opportunity resulting from the 'relaxation of world tension.'"

It demanded abolition of the Neutral Nations Supervisory Commission and charged Secretary of State John Foster Dulles with having promised to "settle this question" within three months after the 1953 armistice.

The land claimed by the ROKs includes the city of Kaesong, 40 miles northwest of Seoul, the Ongjin Peninsula west of Kaesong, and land along the north bank of the Han River.

Group Slated For Checkup, Talk to Press

Swank Jockey Club Will Be Host to Freed Yanks En Route Home

HONG KONG (AP) — The U. S. Air Force ordered two C54 transports to Hong Kong today, presumably to bring home the 11 American airmen due here Thursday after more than two years' imprisonment in Communist China.

The big four-engine planes were due here tonight. Although there was no immediate announcement of their mission, it was a foregone conclusion they were coming to pick up the fliers.

Red China notified the United States Monday that the men were being freed and said they had left Peiping on their way home.

May Use Earlier Procedure

A U. S. Air Force officer said the men will be taken from the border to Fanling, a plush jockey club. There each man will be given a medical examination. If the doctors say the men are in good shape they will probably pose for still and motion pictures — in new uniforms.

Then they will be driven to Hong Kong for a brief news conference before leaving for Honolulu.

White House Press Secretary James Hagerty said yesterday in Washington the 11 fliers would be reunited with their families "as soon as is humanly possible." He said he expected the Air Force would fly relatives at least part of the way to the Far East to meet them.

The 11 were sentenced on spy charges after their B29 was shot down over North Korea Jan. 12, 1953. The United States denied the espionage charge, saying they were on a routine leaflet-dropping mission.

Sentences Varied

The commander of the B29, Col. John Knox Arnold Jr., Silver Spring, Md., was given a 10-year sentence. Sentences given the other crew members ranged down to four years.

The announcement of their release made no mention of two Army civilian employes tried with the Air Force men and given the longest sentences of the group. They are John T. Downey, 34, New Britain, Conn., sentenced to life imprisonment, and Richard G. Fecteau, 27, Lynn, Mass., given 20 years.

Downey and Fecteau were in a B29 shot down in November 1952. The Chinese Reds said they had admitted being on a mission to drop nine Chinese spies, who also were captured. The Army said the two men were hitchhiking on a plane from Seoul to Tokyo when it was shot down over North Korea.

Race for State School Board Growing Hotter

Crawford Farmer Is Fifth To Seek Post; Blasts District Caucus

The Eighth Congressional District had its fifth candidate for the new state board of education today.

Pearson L. Linn, 46, prominent Bucyrus area sheep farmer and a member of the Crawford County Board of Education, announced his candidacy with a blast at a caucus at which two other candidates were named.

Linn claimed the caucus, called by the Northwestern Ohio School Boards Association in Upper Sandusky last week, was "dominated by a Farm Bureau delegation."

At the caucus Charlton Myers of Morral, a Marion attorney, and Clifford Hoover, Crawford County farmer and a director of the Ohio Farm Bureau Association, were endorsed for the post.

The caucus passed up two other men who already had announced their candidacy—Dr. Richard W. Mills Jr., Marion physician who was the first man in the race, and Lloyd Volk, Chatfield hardware merchant.

In announcing his candidacy today, Linn charged "the Ohio Farm Bureau has repeatedly recommended that a study of cooperative principles be incorporated in

Russia Claims Satellite Will Be Ready by 1957

COPENHAGEN, Denmark (AP)—A top Russian scientist said today Soviet Russia will create an artificial earth satellite within two years and quite possibly will launch it in 1957.

The scientist, Prof. Leonid I. Sevod, thus implied the U.S.S.R. might get the jump on the United States in this branch of space experimentation. He told a news conference, further, that the Soviet device probably will be of a "much greater size" than the one the United States expects to send up in 1957-8.

Murder Trial Set

CHARDON, Ohio (AP)—The first degree murder trial of Leo Cavey, 24-year-old Chardon well digger, charged with slaying Alva Williams, a well-to-do mill owner, was set for Sept. 13 yesterday. The 80-year-old Williams was found beaten to death in a field near Chardon, three days after he was reported missing last May 12.

Shiloh Residents Die

3 Killed as Auto Strikes Truck West of Crestline

BUCYRUS — Three Richland County residents were killed instantly when their car crashed into the side of a semi-trailer outfit at 7:50 p.m. yesterday at the intersection of Routes 598 and U. S. 30-N, two and four-tenths miles west of Crestline.

State highway patrolmen from the Bucyrus post who investigated the accident said the dead are: Lowell T. Fletcher, 21, of Shiloh, driver of the car; his wife, Elma, 22; and Inez Livenspire, of Shiloh.

Driver of the truck, Nelson Stoller, 33, of Faulding, was uninjured.

The three Shiloh residents died instantly of skull fractures when their car, northbound on Route 598, crashed broadside into the trailer which was going east on Route 30. Patrolmen said that after crashing into the truck, the auto was carried about 300 feet. The car was demolished.

Fletcher was taken to the Garverick Funeral Home and the two women were removed to the Robert F. Beck Funeral Home in Crestline. The bodies were to be taken later to Shiloh.

235 Polio Cases Set New High in Boston

BOSTON (AP)—Massachusetts' 18th polio death this year was recorded today as the state's 1955 total of cases pushed above the 500 mark.

In the six New England states, the year's total now is 675. This counts 520 in Massachusetts, 78 in Connecticut, 23 in New Hampshire, 21 in Rhode Island, 17 in Vermont and 16 in Maine.

Boston, which has borne the brunt of the disease in Massachusetts, has had 235 cases—the highest number ever reported in one year. Thirteen were added yesterday.

'People Will Rebut McCarthy'

Senator Says Americans Approve Geneva Results

WASHINGTON (AP)—Sen. Goldwater (R-Ariz) said today "the American people will rebut" charges by Sen. McCarthy (R-Wis) that President Eisenhower offered "friendship to tyrants and murderers" at Geneva.

McCarthy denounced in the Senate Monday what he termed Eisenhower's "profession of faith" in a statement of Russian leaders that they want peace. He said he believes a "sell-out" to the Communists in Asia is in the making and he intends to "take the issue to the American people."

Sees Public Reaction

Goldwater, who heads the Republican Senatorial Campaign Committee and says he regards McCarthy as a GOP asset, said in an interview that "I think the American people themselves will rebut Joe."

He said he doesn't believe the people will "buy" McCarthy's contention that the Big Four conference at Geneva constituted a rout for the free world forces.

Charges Platform Ignored

"I think the people are pretty well pleased with the outcome of the Geneva conference, even those who have some reservations about the matter," he said. "The people are for peace and they believe we have made a start toward getting it."

McCarthy declared "the Eisenhower administration has adopted every important plank of the Democrat party's foreign policy"

Would Make Survey

Sewer Engineering Plan Presented by Local Firm

A proposal for an engineering survey of Marion's sewer needs was presented to city officials by Floyd G. Browne of Browne and Associates at a meeting held Monday night at City Hall.

The proposal outlines the work which would be done in the preparation of a comprehensive engineering report and sets forth the subsequent procedures for the preparation of detailed plans for construction programs based on the engineering study.

—:—

BROWNE LEFT blank a section of the proposal concerning the cost of the engineering survey. He explained that this price could not be stated until the city decided on the extent of the survey.

The cost would be determined by whether or not the city wanted a study of both the storm water and sanitary sewers, a study of whether or not and how far to extend present trunkline sewers and similar other factors, Browne said.

—:—

ON THE BASIS of this, Mayor Robinson and other city officials attending decided the next step is for the city to decide on the extent and nature of the survey. He said he would call a second meeting of the sewer committee of City Council with himself and other administration officials for this purpose.

In Browne's proposal he said the study could include both the city and the suburban areas adjacent to the city in order that the sewer planning may be comprehensive for the future possibly up to the year 2030.

Crippled To Go Camping

MONDAY WAS A red letter day for five Marion youngsters who left early in the afternoon for a two weeks' outing at the camp for crippled children at Camp Pittenger, near Tiffin.

As in former years transportation to and from the camp is provided by the Marion Rotary Club and the outing is sponsored by the Marion County Chapter of the Ohio Society for Crippled Children assisted by interested individuals.

An "old time camper" is David Leroy Jones, 12, who was ready and waiting when Rotarian George F. Scantland arrived to take him to camp. David, who gets about in his wheel chair, has been looking forward for weeks to joining friends made in previous years at the camp. A program of limited sports, games, handicraft and entertainment is planned for the two weeks. The camp is in charge of Miss Marguerite Whipple, physical therapist for the school for handicapped children in Dayton.

David is the son of Mrs. Etta May Jones of 212 Hughes Ave. Sending local children to summer camp is made possible through funds from the annual Easter Lily campaign.

Miss Bailey, Mr. Cartmill Exchange Marriage Vows

Central Christian Church was the scene of the wedding Sunday, July 24, of Miss Joan Elizabeth Bailey, daughter of Mr. and Mrs. Melvin Bailey of 260 Dix Ave., and Kenneth Wayne Cartmill, son of the late Mr. and Mrs. John W. Cartmill of Carlisle, Ky. Mr. Cartmill has made his home the last six years with Mr. and Mrs. Ed Paulin of 318 Chestnut St.

The couple repeated their vows at 2:30 in the afternoon before an arrangement of white gladioli and lighted candles. Rev. Ashley Booth, pastor, officiated.

A program of nuptial music was by Mrs. Maude Curl, organist and Miss Barbara Zimmerman, vocalist.

The bride, given in marriage by her father, wore a floor - length gown of white Chantilly lace over net and taffeta. The bodice had a high rounded neckline and full length sleeves. Her fingertip length veil of illusion net was caught to a scalloped lace crown trimmed with sequins and pearls. Her wedding orchid was carried on a white Bible.

—:—

MRS. RICHARD McCLEAD, sister of the bride, was her matron of honor and Miss Marlene Strawser was the maid of honor. Mrs. McClead wore a gown of pink taffeta, with pink net trim, and Miss Strawser was in a mint green taffeta gown, with net trim. Both carried bouquets of pastel painted daisies, with pink and mint ribbon streamers.

Ed Paulin, uncle of the bridegroom, served as best man and ushers were Ellsworth and Melvin Bailey Jr., brothers of the bride, E. C. Gifford of Aberdeen, O., uncle of the bridegroom and Richard McClead, brother-in-law of the bride. Candlelighters were Howard Bailey, brother of the bride, and Clayton Bailey, a nephew.

For her daughter's wedding, Mrs. Bailey chose a costume in a flowered blue nylon, with which she combined white accessories. Her corsage was of pink rosebuds and white carnations.

Mrs. Paulin wore a navy blue eyelet dress trimmed in pink, with white accessories and a corsage of pink rosebuds and white carnations.

FOR THE RECEPTION, held in the church parlor, the bride's table was laid with a white linen cloth and centered with a three-tiered wedding cake, topped with a miniature bride and bridegroom the wedding bells.

Assisting were Mrs. Delia Reid, Mrs. Ives Wilkerson, Mrs. Ruth Bailey, Mrs. Leah Bailey, Mrs. Orabelle Tennant and Miss Shirley Strawser.

When the couple left on a wedding trip to Niagara Falls and later to Kentucky, Mrs. Cartmill was wearing a tan and pink dress, with white accessories and her wedding bouquet. They will be at home at 236 Oak St. after Aug. 6.

Mrs. Cartmill was graduated from Harding High School with the class of 1954 and is employed in the display advertising department of the J. C. Penney Co. Mr. Cartmill attended Ironton High School and is employer in the produce department of Wise's Super Market.

Out-of-town guests were from Carlisle, Kentucky, Aberdeen, Toledo, Bellefontaine, Kenton, Warren and Green Camp.

At the rehearsal party held at the home of the bride's sister, Mrs. Richard McClead, the bride presented the matron and maid of honor with a cosmetic gift, and the bridegroom gave the best man cuff links and the ushers key cases.

Body Recovered

ASHTABULA, Ohio (AP)—The body of George V. McCarthy, 29, a Detroit crewman of the S. B. Foster, was recovered yesterday from the Ashtabula River. He apparently fell from the vessel when it was docked here Thursday and Friday.

Hundreds gardens, averaging a 16th of an acre are cultivated on the rights of way of British railways and they produce about a million dollars worth of produce each year.

Anniversaries Of Weddings Are Observed

A family dinner at Granville Inn in Granville, O., Sunday marked the fortieth wedding anniversary of Mr. and Mrs. William D. McGee of 701 Uhler Ave. and the fifteenth wedding anniversary of their son-in-law and daughter, Mr. and Mrs. H. W. Graly of Joliet, Ill. Mrs. Graly is the former Miss Virginia McGee.

Mr. and Mrs. McGee are former residents of Zanesville where their marriage took place July 29, 1915. They have made their home in Marion since 1942. Both are active in Epworth Methodist Church where Mrs. McGee is president of the WSCS and Mr. McGee is a member of the church board. A member of the Research and Literature Study Clubs, Mrs. McGee is active in club and federation work. She is second vice president of the Marion County federation of Women's Clubs and formerly served as recording secretary. Mr. McGee is chief of the property branch at the Marion Engineer Depot.

Completing their family is a son, William D. McGee Jr., who is an account executive with the Gross Advertising Agency in Akron.

Mrs. Graly is psychologist with the Mental Hugiene Clinic of the Will County Health Department in Joliet, and her husband is psychologist in the elementary schools in that city.

Completing the family party were Peggy, 11, and Danny McGee, two years old, grandchildren of Mr. and Mrs. McGee.

Stowaway Caught At End of Journey

SOUTHAMPTON, England (AP)—Richard D. Martin of Cleveland, Ohio, stowed away on the Queen Mary in New York and swam ashore as the liner approached this English port.

Today he was right back on the ship—and in a locked cabin until he sails for America on Thursday.

Constable David Dewey found the 27-year-old American soaking wet and covered with oil, sitting in a Southampton park early today.

Martin said he jumped overboard in darkness last night and swam nearly two miles up the River Itchen before coming ashore. Police said he gave no explanation for his unconventional trip.

After drying his clothes, police turned the man over to immigration officials. They refused him permission to stay in England and returned him to the Queen Mary.

Postal Crimes Set a Record

6,631 Arrests Made In 12-Month Period

Arrests for postal crimes reached an all-time high in the 12 months ended June 30, with arrests for mailing obscene and unfit matter showing the highest increase, Postmaster General Arthur E. Summerfield reported today.

Reports from David H. Stephens, chief postal inspector, revealed that the inspection staff participated in 6,631 arrests during the 12-month period, a new high and an increase of 483 over the corresponding 12-month period ended June 30, 1954.

At the Marion postoffice two arrests were made, one for rifling and one for theft of a check, Postmaster Homer D. Cole reported. In both cases the offenders were convicted in the Federal Court, Toledo District, at Toledo.

Summerfield noted that 99.1 per cent of all those arrested and brought to trial were convicted.

Promoted by NBC

CLEVELAND (AP) — William N. Davidson, assistant general manager of NBC stations WTAM and WNBK here since January, 1954, will become assistant general manager of the NBC network's Flagship Stations, WRCA and WRCA-TV, in New York City, Sept. 1.

Vice Consul Recalled

CLEVELAND (AP)—E. J. Foote, British vice-consul in Cleveland, has been recalled to England and re-assigned to a post in the foreign office. No successor has as yet been named. Foote was acting consul for six months last year while consul Bernard Flynn was on vacation in England.

Political Greats

By George Sokolsky

Always there are new patterns for political greatness. This year what is required is that the candidate for greatness should visit Ireland, Rome and Israel and to be duly photographed in each place. That is all that is required to prove that one is really and truly a liberal, a lover of mankind, a suitable candidate for any public office. It establishes the goodness of one's heart, his tolerance and his social consciousness. In Rome, he must have a private audience with the Pope; in Israel, he must plant a tree. I have never known what they do in Ireland.

SOKOLSKY

Maybe next year, if the era of good-will continues that long, it might be wise to add Moscow to the list of cities to be visisted.

-:-

AT THIS MOMENT, that is a somewhat popular town for newspapermen, farmers, and clergymen, but maybe by next year it will be like Rome, a place to demonstrate that one is broadminded without prejudice of any kind, except in private.

Politicians always have a very difficult time proving that they are what they pretend to be. Were they to pretend less, they would have less to prove.

For instance, in New York State, Oswald Heck, who wants to run for governor, is trying to establish that he is as liberal as Averell Harriman who took on that facade in 1933 and is now well-versed in that kind of lingo.

In fact, Harriman has a nobler liberal ancestry than Adlai Stevenson, as he was recognized as such by Roosevelt himself and was converted by Harry Hopkins. Also he has established a liberal record which Heck cannot do fast enough.

On the other hand, Jacob Javits, who wants to run for United States senator, is trying to establish himself as a Republican — and no less than the Republican leader of the state. That is very difficult, because it does not ring true, Javits having divided his Republicanism with Dubinsky liberalism which can be anything you want it to be.

-:-

IT IS JUST LIKE Sen. John Kennedy (D-Mass) who has recently discovered the ex-Italians of his state. I assume that they are ex-Italians because they are now Americans. It is impossible to be an Italian and an American at the same time, although some try to do that professionally.

It is just like those people who call themselves Poles or Hungarians when they should call themselves Americans. After all, what difference does it really make where they came from as long as they are here now? But it is hard to get that into the minds of those who earn a living keeping alive distinctions that ought to have died generations ago.

So that is why so many of our statesmen, when they have nothing to do, go to Ireland, Rome and Israel.

-:-

THERE ARE STILL votes to be had out of association with those places, particularly if you can get yourself some kind of a roundabout endorsement.

I heard that a certain gentile politician has become one of the most active and effective salesmen for Israeli Bonds and travels all over the United States making speeches in this good cause.

He ought to tie up with Lord Hamilton who is selling bonds for the rejuvenation of Scotland; if Lord Hamilton's worthy cause were adequately popularized, perhaps he could get some senators or governors whose ancestors bled at Bannockburn to labor for him.

There must be some Scotch votes left in the United States and the Scots are surely a minority and therefore entitled to extraordinary consideration, as any minority is. In fact, nobody counts anymore unless he belongs to a minority, no matter of what size.

-:-

PAUL ROBESON, who represents a most narrow minority, consisting of only Paul Robeson, asks for a passport because he is a Negro and has been refused one because he is an American.

Robeson does not realize that being an American forces one to assume responsibilities and liabilities and duties and obligations. An American may not legally and should not morally be part of the apparatus of a foreign country without self-admission. But maybe one day, he will learn, like the Turncoats who discovered that China isn't all that it is cracked up to be.

That country must have changed a lot since my day. I liked to live there always, but not as a Sino-American.

Review of Swimming Pool Drive Presented for Meeting of Lions

A review of efforts by the recreation commission and park board to obtain a swimming pool for Marion was presented to Lions Club members Monday by Thomas Clark and Rodney Cox, the luncheon meeting was held in the Hotel Harding.

Clark, a member of both the park and recreation groups, and Cox, a member of the park board, told the group that their comments were their own thoughts and did not necessarily reflect the thinking of the entire commission and board.

3 Subdivisions

They said the commission and board were much interested in obtaining a swimming pool for Marion, and for this purpose have been having joint meetings. The project has been divided into three subdivisions — site, finance and construction.

In reviewing the population of the city and county, the swimming pool committee determined that the pool should be of sufficient ize to accommodate 1,000 to 1,200 swimmers, and had therefore chosen a size of 75 by 165 feet.

They said two methods of financing pool were by an obligation bond placed on the ballot and voted on by the voters, or a levy which would be pro-rated on the tax returns. With a levy, the two men pointed out, the net profits of the pool operation could be used to retire the debt.

In their study, the swimming pool committee has inspected eight different swimming pool operations, Clark and Cox said. The nearest they could find as to a comparable size of the one proposed for Marion is the one at Lakewood.

Reasons for Site

The Lincoln Park area was chosen as the site for the proposed Marion pool because of the availability of sewers, city water and parking facilities, the two men told the club.

As to the type of construction of the proposed pool, either concrete or steel could be used. The choice for the local pool would be determined by a comparison of bids submitted for both types, Clark and Cox said.

Clark showed some slides of the Lakewood pool, and a question and answer period was held. The speakers were introduced by Robert Morrison, program chairman for the day.

Guests were Gil Harre of Lima and Ray Silver of Marion.

Shovel Firm Struck

LORAIN, Ohio (AP) — The CIO United Steelworkers Union struck the Thew Shovel Co. yesterday in a dispute over wages. About 1,100 production workers and 200 office employes left their jobs. Paul Shremp, union district staff representative, said the union demanded a 20 cent an hour increase, and rejected a company offer of a 19.1 cent package. He said the company offer included 12½ cents in fringe benefits, and only direct wages are at issue at this time.

Automation

By David Sarnoff

(Victor Riesel is en route to the Orient and will resume his column on arrival. Today the authority on automation, Brig. Gen. David Sarnoff, is substituting for Riesel.)

Electronics and atomics offer to America the greatest opportunities for economic social and cultural advances that this or any other country has ever known.

Recent years have seen the emergence of great new sources of energy and new techniques of production. The split atom and the tiny electron are bound to bring about an even more fundamental revolution in our modes of living—and bring it about more rapidly than the Industrial Revolution touched off by steam and electricity.

Physics, chemistry, biology are in the full tide of their vitality. What they have already given us is sure to be overshadowed by what they have yet to give. Many years ago, as I became intimately aware of the magic of modern research, I had the termerity to say that anything which the mind of man can conceive, the mind of man can translate into reality. Time has proven that this was no exaggeration.

-:-

WE CAN GROVEL before these mighty forces the way man grovels before natural phenomena he does not understand. Or, we can meet them with courage, with wisdom, with a calm determination to channel them for useful and beneficent purposes. The choice is ours to make.

There is a new word in our industrial lexicon—"automation"—and it seems to have some people scared.

Automation is the process of substituting automatic for human controls in the manufacture, packaging and distribution of goods; and the equivalent process in mines, office work, accounting and the like.

Already, for example, there are a few mines where coal is being dug by remote control. In these places the traditional grimy miner with a lamp helmet, burrowing into the entrails of the earth, has given way to a neatly dressed mechanic operating a dash-board in a sunny room near the mouth of the mine.

-:-

THIS SORT of change comes under the head of automation. Its impact is dramatic and, here and there it has aroused fears and drawn protests. But after all, the only thing new about automation is the label. The fact itself has been with us always.

The American worker today, with modern tools, turns out in a 40-hour week as much as three men did in a 70-hour week about a century ago. In 1850, roughly two-thirds of all energy applied in the country was human and animal muscle. By now all but two per cent of our energy is derived from machines, and even that thin margin is being whittled down quickly.

The evolutionary process of mechanizing work has been going on for a long time, and at an accelerated rate of change. Surely we have no reason for regrets on that score, as we look around this great nation, freer and more prosperous than any in history. We may be confident that a generation hence our posterity will have just as little regret about the fruition of the progress now in blossom.

-:-

NEARLY TWO CENTURIES of American technology provide the guarantee that this country can absorb all the progress that science throws at it, growing wealthier and stronger because of it. Indeed, to maintain and improve the American standard of living, in line with a booming growth in population, greater productivity is a must.

Forecasts just published in an authoritative study by the Twentieth Century Fund foresee a population by 1960—only five years away—of 177 million, and a standard work-week of 36½ hours.

To sustain and lift the average living standard in the light of a continually rising population and steadily diminishing work-week, the output per worker will have to be sharply raised.

Automation will be a major instrumentality for meeting this need.

The one certainty is that tomorrow, like yesterday, more jobs will be created than abolished. New industries and new products will come into being. People with more money to spend will reach out for new services that will provide more adequately for the needs of their families and education of their children.

-:-

WHILE ELECTRONICS, atomics and automation will place these things well within our grasp, we must remember that the opportunity to advance socially and economically with the progress of science and technology, depends primarily upon the preservation of our freedom and our rights as individuals.

The greatness of America rests, in the final analysis, upon its freedom. I refer not merely to the basic political freedoms, but to freedom of thought and research, of venture and adventure.

These have produced an environment propitious for pioneering, enterprise and growth. They have bred a spirit of self-confidence.

They have made America the greatest and freest country in the world. Let's all help keep it that way.

Limit Raised

By Hal Boyle

NEW YORK

The sky is no longer the limit.

Blast those little kids who've been running around with rocket guns in their arms and plastic bubbles over their heads!

HAL BOYLE

Instead of playing cowboy like sensible children, they've been talking for years about zooming to other worlds in space ships.

So what has happened? Some grownup scientists listened to their prattle and took their childish game seriously.

And now, just as sure as the lord made little atoms, by the end of the century tourist agencies will be featuring weekend space ship journeys to the moon.

—:—

THE DECISION by the U. S. government to earmark 10 million dollars to throw up a basketball-sized earth satellite is just a starter. It will go up only 200 or 300 miles, whiz around the world every 1½ hours at an 18,000-mile-an-hour clip, then come down after a few days or weeks, burning up as it hits the earth's atmosphere.

But this first man-made falling star, naturally, will be only the beginning.

The satellites will become larger and larger, go up higher, finally reach a height where they can stay up and buzz around the earth forever. The old definition of gravity—"all that goes up must come down"—will be repealed.

Where will it all end? Who knows but that Texas itself may decide it wants more Lebensraum, and rocket itself into the sky — thus turning the earth "self into a satellite of the Lone Star state?

—:—

ALREADY THOUSANDS of people at the Hayden Planetarium (our local sky study parlor) have signed up to become passengers on the first space ship to the moon.

Not me! not on the first ship, not on the 1,001st.

"Why, wouldn't you like to set foot on the moon?" my adventurous-minded friends ask.

No, indeed. I was born in a time when a horse was something you rode on, not bet on. I yielded gracefully to the disappearance of the buggy, and the victory of the automobile; I have learned to put up with the airplane. But the idea of space ships separates the men from the boys, and I'm a man. It's the boys who will have to grow up and do their Sunday skylarking in space ships.

No one is going to force my head into a repulsive plastic bubble and make me soar up and climb the arid foothills of the moon.

—:—

THERE ARE SOME things and places in life that are better left unvisited. The charm of the moon lies in its distance. Familiarity with it would probably only breed contempt.

The man in the moon has been a friendly hermit to humankind all these weary centuries. None can look up at him on a warm summer night without feeling a lifting of the spirit. Who wants to go up and count his pockmarks?

Everything on earth is crowded in a grappling struggle of living, but not the sky. The Firmament may be crowded, too, in its own way, but not in a man-made way. Its vast star-studded emptiness, a reach infinitely beyond our final knowing, confers awe to the mortal mind, peace to the mortal heart, rest to the mortal eye.

Why clutter up the fringes of this endless vista with space ships tracking on dull round trips to the moon? The moon is no true stepping stone into the mystery of the universe—but only a nearby pebble in the black.

—:—

I WOULD RATHER stand on the earth at night and look up and imagine which faint far stars are milestones on the way to heaven, which shine on Valhalla.

Turn the moon into another Coney Island? I'm against it. The next time I see one of those little bubbleheaded kids with a rocket gun, I think I'll step on him—if his mother isn't looking.

It's those kids that started it all. Science never would have thought of it if it hadn't been for them. Why couldn't they stick to Davy Crockett, and let the sky alone?

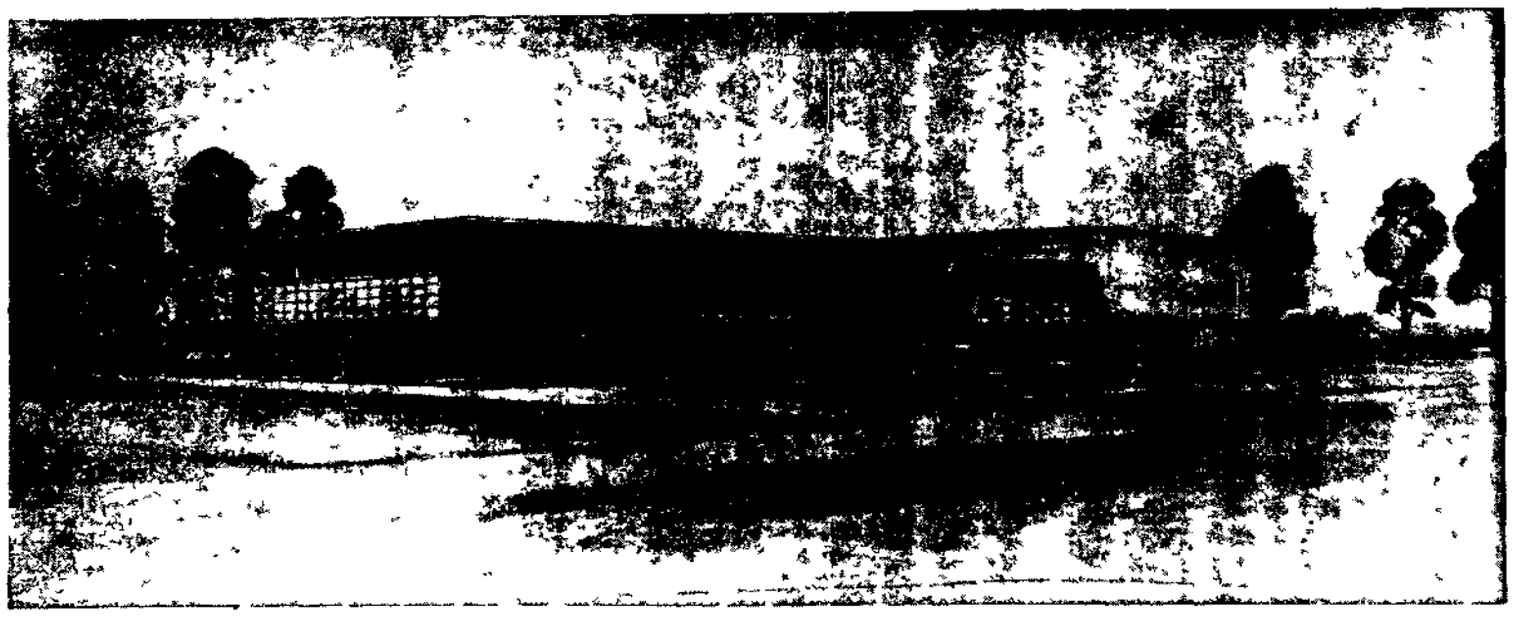
Ohio Edison Co. To Start Work on New Building



AN ARTIST'S CONCEPTION of the New Ohio Edison Co service building to be constructed on Route 4 south of the city is shown here The half-million-dollar structure will be used for servicing and storing company equipment The company's divisional engineering department also will be housed in the building

Sewer

(Continued From Page 1)

Browne suggested that his firm Review a 1920 plan and report on sewers prepared by George Gascoigne and report any findings relating to the former plan

MAKE ALL NECESSSARY surveys, studies and investigations of existing storm water, sanitary and combined sewers in the city and to prepare plans for improvements to them This could include a study of the suburban areas so the sewers would be designed to meet the immediate and future needs of boin the city and the outlying areas

Prepare a comprehensive engineering report and general plans together with recommendations for financing the various projects recommended and a recommended priority for construction of the various projects

Include in the report sufficient data on benefits, methods of financing, construction, routes, cost and other information which would be helpful to the residents of the city in event any part of the proposed construction program is submitted to the voters for their approval and financing

To consult city, county and state officials on matters of policy local requirements, standards of construction, and jurisdiction

BROWNE ALSO proposed to use all available plans, previous engineering reports and other records on file with the city in the preparation of his engineering survey report

In event the city should decide to go ahead with any of the construction programs recommended in the survey report, Browne further proposes that his firm prepare the detailed plans, cost estimates and specifications, charging fees based on the total cost of the actual construction project If a project cost $50,000 to $150,000, total percentage Browne and Associates would charge for detailed plans and specifications and general supervision would be 10 per cent But if the project cost were between one and five million dollars, Browne's percentage would be 5 75

Browne also proposes that any money paid for the engineering survey would also be credited toward the actual construction cost at a rate of $100 for each $10,000 of construction cost

Mayor Robinson said there is still much ground work to be done even before a decision can be made whether or not to accept Brownes proposal for the engineering survey He said that he feels something definitely needs to be done to improve city sewers and that steps are now being taken in this direction

Biggest problem will be financing the construction of new sewers and improvements of existing sewers, Mayor Robinson said He suggested that one method of financing might be to set up a service charge for use of the sewers Most cities now have such a charge which is normally called a sewer rental fee the mayor said

Those attending the meeting last night in addition to the mayor and Browne were Councilman at large John Courtright Jr , Third Ward Councilman Herman Rinehart both of the sewer committee Safety-Service Director John Davis City Engineer John V Ruth Assistant City Engineer Thomas Taylor, and Earl Gibson, city inspector.

Will Cost Half-Million

Service and Storage Unit To Be Located on Route 4

Ohio Edison Co will start construction immediately on a new one-half million dollar service building for the company s Marion Division Harold J Grigsby division manager announced today

The Steward Construction Co of Marion has been awarded the construction work and local architect Charles W Oborn has been appointed associate architect on the project

The structure will be located on State Route 4 just south of the Marion city limits near the new Marion General Hospital

A SITE OF 23 acres for the building and other facilities was acquired by Ohio Edison Co about two years ago, Grigsby said The main building will cover an area of 38 000 square feet The approximate dimensions are 170 feet by 270 feet Construction will be of concrete brick and aluminum The front of the building will be faced with brick, glass and aluminum panels

Construction of a new service building has been under consideration for some time due to rapidly expanding business and the service requirements of the many new customers being added in the Marion area Grigsby said The central location of the service building together with the installation of the newest service equipment, will enable the company to continue to render quick and efficient service to keep pace with the rapid growth of the area, he said

The new building will house the trucks equipment and materials necessary for the operation of the electrical system in the Marion area, and will be a central service headquarters for the area The utility now has 23 945 customers in its Marion Division.

A DIVISIONAL engineering department will be located there, as well as space for the storage, testing and servicing of meters and transformers, a garage for trucks and equipment, an appliance repair shop, storage space for line materials and equipment, and other operational departments These operations are now handled in service buildings located in Marion

A pole yard for the storage of utility poles will occupy a portion of the acreage outside the building The pole yard, in back of the building is connected to the nearby Pennsylvania Railroad tracks by a spur track

Work is expected to be completed by late spring

exit permits from Red China

Peiping has charged the United States with refusing to let a number of Chinese students return from America to the China mainland During the Korean War, Washington banned the departure of any students whose American training could be useful to the Red military The ban was relaxed last year and the United States says no Chinese since have been prevented from leaving

Haven't Asked Permits

However U S Secretary of State Dulles indicated in Washington last week that a "few' students want to return to Red China but have not applied for exit permits He told a news conference the United States was prepared to discuss their status

Wang s call for a "free exchange of views" however, could be interpreted as a bid for only a discussion of common problems without the aim of definite agreements that would affect the interests of the Nationalists Such agreements if they appeared possible presumably would be left for later meetings at a higher level

The subcommittee had looked into Talbott s conduct in seeking business for the New York business engineering firm of Paul B Mulligan and Co , in which he held a partnership Some of the firm's clients hold government contracts

On the political front, Sen Goldwater (R Ariz), chairman of the Republican Senatorial Campaign Committee said he thought Talbott was doing the right thing in resigning " but added

"Talbott was the best secretary of the Air Force we've had '

Sen Symington (D Mo), a member of the subcommittee and himself a former Air Force secretary said, 'I repeat what I said in the hearings—he has done a fine job for the Air Force "

New Auto Seat Would Reduce Crash Injuries

LACKAWANNA, N Y (UP) — A garage mechanic has come up with an invention still in the testing stage, designed to reduce, injuries in car crashes

Peter Krous designed the device a tilting seat powered by a hydraulic system automatically activated by the force resulting from a collision impact The patents and rights are claimed by a co-developer Roger Racine

Following a test last year with a miniature model, Racine constructed 100-inch tubular steel frame model with a trigger gate bumper The safety seat is so designed that crash impact on the bumper pushes a plunger that works a hydraulic piston, causing it to open a scissors linkage to the seat The specially-mounted seat tilts backward, at the same time producing a forward scooping action Simultaneously, the steering wheel is flipped upwards, to face the driver broadside

'We feel that our safety seat works better than car safety belts" commented Racine "The belts come in play after a crash and try to fight the forces created by one Our seat is worked by the crash and takes advantage of the crash forces "

Students in High School Allowed To Fight Blazes

EAST GREENBUSH, N Y — (UP) — Three volunteer firemen in this Rensselaer County village had to get a ruling from the state's attorney general to fight fires

Rober Turner Jack Breen and Norman Frybach were 17-year old high school seniors when the school board asked Atty Gen Jacob K Javits to rule if the school could release pupils to fight fires Javits said this could be done in the case of students above the compulsory school attendance age of 16

The three volunteer firemen didn t answer every alarm They went only when a blaze was serious enough for the fire chief to call the school and ask to have them excused from class

Pheasants Distributed

CANTON, N Y (UP) — More than 1,400 day-old pheasants were distributed to 41 St Lawrence County 4 H members in June Each member received 35 chicks

At the end of the seven weeks the state conservation department will pay a dollar for each bird that is well grown and feathered out The birds later will be released in woodlands as game for hunters

Tornado Town Hitting Snag in Building Work

UDALL, Kan (UP) — Since Udall was almost wiped from the map by Kansas worst killer tornado on May 25 the town s biggest problems have been sight - seers and flies

The curious come in their cars by the thousands on weekends

The flies also by the thousands are on hand every day They buzz about the faces of busy, determined men and women at work rebuilding after disaster

To date the death toll is 80 Some of the more than 300 injured remain in critical condition in hospitals

But one new citizen of the town already has made an appearance David Lynn Boyd, whose mother survived the storm, was born at Wichita and promptly was nicknamed "Tornado' by family friends

Sunday is a day of work in Udall now, and it is necessary for guards to hold back the tourists who otherwise would clutter the streets and interfere with the rebuilding of old homes and the erection of new ones

Co-workers Help

The Lester Grants' two - story brick home was ruined, but a frame house they had rented out was left standing although damaged It is being remodeled Later they plan to rebuild on the site of the destroyed residence

The walls went up quickly for the new Jean Foote home He s a worker at the Boeing Airplane Co plant at Wichita and each weekend 20 to 30 of Boeing employes have turned out to help Foote build the house

Workers at two other Wichita aircraft factories, Beech and Cessna, are aiding three more Udall families construct new homes

One of the first structures to rise after tons of debris were scraped up by bulldozers was a new "city hall ' It s a temporary, makeshift building with unpainted plasterboard partitions for city offices

City Clerk John M Arbuckle sat at his desk, swatted flies and said

"There s not much news—we re just coming along as best we can Our biggest problem is still keeping people out of town They even stop on the highway, blocking traffic, to take pictures "

Bank Deposits Up

The odor of cooking wafted through the frame building built in a day shortly after the tornado It came from the Red Cross canteen, and prompted Mrs Francis Thompson Arbuckle's assistant, to comment, "Those Red Cross people have done a wonderful job '

At the other end of City Hall, ' the temporary post office was a busy spot

T F Hildebrand, president of the Udall Bank of Commerce is full of confidence in the town s rehabilitation The bank building was spared by the storm

Bank deposits, increasing daily, are nearly $1 000 000, When the tornado struck they were just $504 000 Demolition insurance payments provided the fresh money. Hildebrand hired two new employes

There s another business booming, too An elderly little woman, Mrs C E Grey of Dewey, Okla , set up a stand and sells postcards of the tornado torn town The pictures were taken not long after the big wind hit

On a recent Sunday she, her husband and son, who live in a trailer outfitted with photographic equipment, sold sight seers some 2,500 postcards at 10 cents each

This is our 20th storm," Mrs Grey said

Family in Covered Wagon Gets To Bucyrus En Route to Midwest

BUCYRUS — A 'pioneer" family of eight, en route to Missouri in a homemade covered wagon drawn by three mules, arrived in Bucyrus about 4 15 p m Monday

Dorothy and Ernest Elfgren and their six children left East Killingly, Conn , on June 16 with plans to buy a farm and settle in Missouri or Nebraska Elfgren, 44 said the family is making the trip via covered wagon in order to show the children some country Elfgren said he has made many auto trips, but never got to see much of the countryside or the people

'I thought the trip would be good education for the children," he added

Farmed in Connecticut

Elfgren was a farmer and manufactured small airplane parts and animal cages in Connecticut, He made the covered wagon in his workshop at a cost of about $1,-500

The eight 'pioneers" eat and sleep in the wagon, which is pulled by three mules The oldest boy Oscar 18, attired in a black sombrero and blue jeans, rides the lead mule. The family stops at farms and parks along the way and travels down the secondary roads to avoid traffic problems

Watch Procession

The Elfgrens had passed through Shelby Sunday about 5 30 p m and then continued on Route 96 to Bucyrus Scores of area residents watched the 'westward" procession and spread the word by telephone that the 'pioneers" were going through

The Elfgrens' children are Oscar, 18, Carl, 16 Sandra 14, Roger, 11 Linda, 9, and Donna, 2.

First Bomb Dropped Aug. 6, 1945

Two Jap Cities Recall Atomic Terrors

Nobody knows better than the people of Hiroshima what atom warfare means. That's why the 10th anniversary of the atomic bombing Aug. 6 will have a meaning far beyond mere memorials Here, in a closeup of the city today, is how they plan to mark the anniversary of the day of mass death, first of three articles

By GENE KRAMER

HIROSHIMA, Japan (AP) — The world s two atom bombed cities are about to mark the 10th anniversary of nightmares they cannot forget

The people of both Hiroshima and Nagasaki, whatever their politics, agree almost fanatically on one thing — the atom bombings which almost leveled the cities must be the last

First of a Series

The atomic bomb dropped on Hiroshima at 9 15 a m , Aug 6 1945, by the U S B29 Enola Gay exploded in a 60-yard fireball 600 yards above Shima Hospital spreading death and fire over a diamater of 2½ miles

Exactly 10 years after that explosion, Mayor Tadao Watanabe will release hundreds of peace doves As church bells ring and whistles blow, the crowd will kneel in silent prayer for peace around the cenotaph a white stone arch memorial to the dead

"REST YE IN PEACE. For we shall never repeat the mistake' is the inscription on the cenotaph The mistake was not made by any single country but by humanity, Hiroshima s people say today

Death toll estimates range from the Nov 30 ,1945, police count of 78 150 civilians to 260,000, a figure in the city museum's official booklet An accurate count is impossible because unknown thousands of troops were housed within a half mile of the bomber center, countless outsiders were in Hiroshima and most death certificates merely carried the words "military attack" as the cause of death.

OPPOSITE THE cenotaph are the nearly completed peace memorial hall, the atomic bomb museum and a modernistic auditorium - hotel building

City Councilman Tsukasa Nitoguri, who specializes in planning said the city has obtained from the central government only one-fifth of the 25 billion yen (69½ million dollars) it needs to replace schools buildings sewage roads and other public property The mayor he said hopes to go to the United State soon to ask for a loan of $4,333 333 to be repaid in installments over 25 years

Like Nagasaki the 'forgotten' atom bombed city 25 miles to the west, Hiroshima has thousands of heavy hearted people who will remember August, 1945 for the rest of their lives

YET, OUTSIDE OF a few outbursts against specific annoyances, there are few signs of any deep seated hatred or hostility toward Americans

People of both cities generally are happy about the transferring of 25 girls, badly scarred in the Hiroshima blast, to the United States, for plastic surgery But some are critical of the 'cost

"By going to the United States the girls ... getting a spiritual cure and inner joy which is more effective than medical care" said Dr Michihiko Hachiya, director of the Communications Hospital of Hiroshima. ' But if the cost of this one project were merely loaned to Japanese agencies, together with equipment and supplies, we could get wonderful results We have enough doctors who are good enough at plastic surgery We are just short resources and materials.

The 10th anniversary observance of the atom attack here will include a world religious meeting a civic memorial program for the dead and a leftist-backed international 'peace conference "

The city is not endorsing the peace conference, nor is Hiroshima s impressive, New World Memorial Church of Peace, biggest Catholic cathedral in the Orient.

Happy Is The Day When Backache Goes Away . . . .

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation ...with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys —tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills... get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today!

5 Mississippi Candidates Vow No Integration

JACKSON, Miss., (AP)—Mississippi casts ballots today for a new governor after a campaign filled with promises to keep Negroes out of white schools.

The top two candidates after today's vote will enter a runoff primary Aug. 23. All five agree no one will get a majority in today's first Democratic primary election.

Democratic nomination means election in Mississippi, where Republicans seldom volunteer for defeat.

All five candidates have promised to keep racial segregation despite the U.S. Supreme Court decision declaring public school segregation unconstitutional.

Negro voters have little to say about the outcome. Their thin ranks have been trimmed by the white Citizens Councils and a constitutional amendment requiring a written examination before registering.

In the race are former Gov. Fielding Wright, a founder of the 1948 States Rights party; Mrs. Mary Cain, a peppery newspaperwoman who carried only one county in 1951; Paul Johnson, son of a former governor, making his third try; Atty. Gen. J. P. Coleman, making his first statewide campaign; and Ross Barnett, Jackson attorney, making his second race.

Gov. Hugh White is ineligible to succeed himself.

In Sunflower County in the agricultural Mississippi Delta, there are "no Negro voters," said Circuit Clerk C. C. Campbell. "This is the home of the Citizens Councils." The first council was formed there last summer.

"And if you had any guts, you wouldn't have any anywhere." Campbell's "you" referred to the rest of the state.

In LeFlore County, Mrs. Martha T. Lamb, the circuit clerk, said, "we haven't had any (Negroes) come in to register since the councils have been active."

Jury To Hear Charges Against Three Women

A hearing scheduled for today in Municipal Court on prostitution charges filed against a Marion County woman and two Columbus women by the sheriff's department, was postponed pending setting of a jury trial later this month.

Mrs. Sue DeRose, Jeane Martin and Helen Davis were arrested in a raid on a house at Newman's on Route 4 by Sheriff Glenn Obenour and two detectives Saturday night.

Mrs. DeRose was charged with being the keeper of a house of prostitution and the two other women both of Columbus with being inmates of the house. All three pleaded not guilty Monday and Mrs. DeRose posted a $1,000 appearance bond and the two other women each posted $100 bonds.

Coin Collection Stolen

Theft of a collection of old coins valued at some $32 was reported to Marion police Monday by Martha Griffin of 486½ W. Center St. She said the coins were taken from their hiding place near a coffee maker in the Black Forest Grill on W. Center St. sometime in the previous week.

Back From Army Parley

PAUL ANDERSON OF MARION has returned from Washington, D.C., where he attended a records management and paperwork control conference. Anderson, representing the Marion Engineer Depot, at the right is shown being greeted at the conference by Lt. Gen. Samuel D. Sturgis Jr., chief of Army Engineers. Sturgis' leadership in the fight on paper accumulation resulted in the removal from Corps of Engineers offices during the past fiscal year of over 250,000 linear feet of records. The conference Anderson attended was from July 26-28.

Thief Steals $700 From Local Woman

Theft of $700 from her residence was reported to Marion police Monday by Mrs. Henry Yochem of 190 W. Church St.

She said that she had the money in two bankbooks in her purse and had left the purse on a table in her home while she went out of the house for awhile.

When she returned she found the front door key missing from where she had hidden it under a door mat and when she went inside the house found the purse and its contents missing from the table, she told police.

Mrs. Yochem said she had drawn the money out of an account in an out-of-town bank and was preparing to deposit it in a local bank.

Killed Near Cincinnati

CINCINNATI, Ohio (AP)—Thomas Edward Carmines, 53, of Box 92, Messick, Va., was killed today when the car he was driving left U.S. 52 at New Richmond, about 20 miles southeast of here.

MEETING SET AT NIGHT

In a story in Monday's Star the time of a industrial safety drive kick-off meeting for city employes was incorrectly stated as Thursday afternoon. The meeting is to be held at 7:30 p.m. Thursday night in the City Council chambers.

Boy, 15, Admits Acid-Tossing Report Phony

DAYTON, Ohio (AP)—Fifteen-year-old Ernest E. Estle Jr. confessed last night that no one threw an acid substance at him from a car. He admitted he set off an explosion which severely burned him.

Fayette County Sheriff Orland Hays reported the youth confessed in tears from a hospital bed here.

Estle was injured Thursday near his home at Milledgeville. He told the sheriff then he was standing alongside a road when a person in a passing car threw a plastic bag at him. The bag was at first believed to have contained an acid-bearing substance.

Hays said Estle changed his story last night. He quoted the youth as saying:

"In May, two older boys gave me a box containing something. I took it home with me and hid it in an old car on our farm and kept it there until last Thursday. Then I took the box from the car, set it on the road, and lighted a match to it. It exploded."

The sheriff said the explosion burned the boy's face and impaired his eyesight.

Estle broke down and cried when confronted with a report from the state crime laboratory at London Prison Farm, Hays said.

The report said chemical tests on the tee-shirt Estle was wearing when he was injured showed the substance could not have been thrown from a passing car. Hays said the lab proved the shirt burns ran upward instead of down, indicating they were inflicted from the ground up.

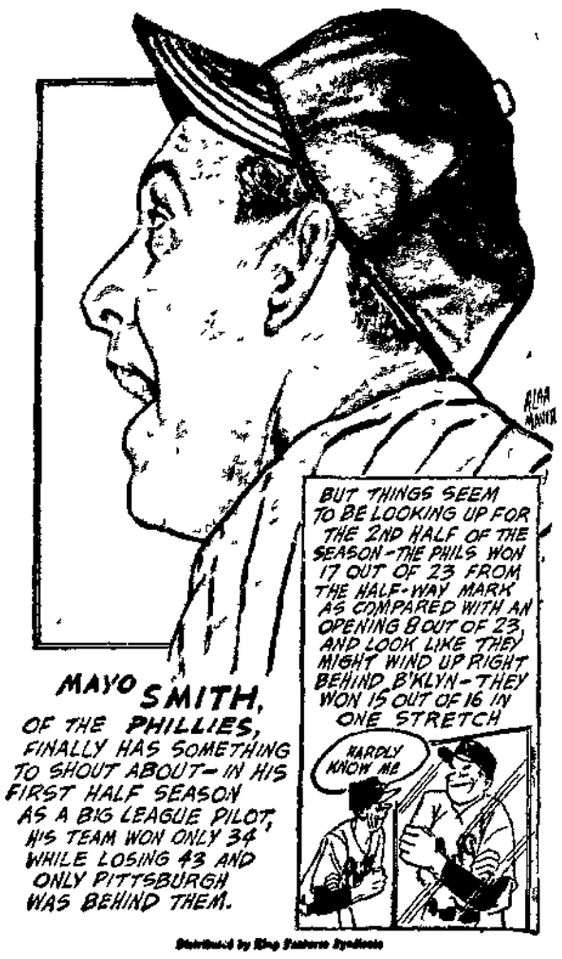
PHILS BOUNCE BACK • • By Alan Mayer



MAYO SMITH, OF THE PHILLIES, FINALLY HAS SOMETHING TO SHOUT ABOUT—IN HIS FIRST HALF SEASON AS A BIG LEAGUE PILOT, HIS TEAM WON ONLY 34 WHILE LOSING 43 AND ONLY PITTSBURGH WAS BEHIND THEM.
BUT THINGS SEEM TO BE LOOKING UP FOR THE 2ND HALF OF THE SEASON—THE PHILS WON 17 OUT OF 23 FROM THE HALF-WAY MARK AS COMPARED WITH AN OPENING 8 OUT OF 23, AND LOOK LIKE THEY MIGHT WIND UP RIGHT BEHIND B'KLYN—THEY WON 15 OUT OF 16 IN ONE STRETCH

Indians Try To Break Tie With Yanks, Wynn Meets Byrne in Opener Tonight

Next Six Tribe-New York Contests May Decide Flag

NEW YORK (AP)—The New York Yanks have been tottering of late, and the Cleveland Indians send burly Early Wynn to the mound tonight to give them a shove from a second-place tie to third

Wynn, the Tribe's workhorse and biggest winner, will be trying for his fourth victory over the Yankees this season They haven't beaten him yet Wynn has a 13 5 record against 9-2 for his opponent Tommy Byrne who holds one victory over the Indians

On July 4 the Yankees sat in first place, five games in front of the Indians and 5½ ahead of Chicago They led Boston by eight games and Detroit by 12

In the four weeks since then the Bombers have dropped 14 of 24 and with an August perform an e like July s they could slide clear down to fifth

The three games with the In dians starting tonight and three more in Cleveland the last week of the month are two series that will go a long way toward deter mining where the 1955 pennant will fly So far the Tribe has an 8 6 edge in games over the New Yorkers After Aug 26 only a Sun day doubleheader in New York will remain to conclude the interclub series

F the first Yankee series in a long while, Manager Al Lopez won t have the services of Boo Lemon, who s still nursing a torn calf muscle Mike Garcia is scheduled to go tomorrow and Herb Score will make his first start against the Yankees Thursday

Larry Doby has played center field without an error in 156 games starting July 18 1954 and can tie a league record tonight if he has no miscue against the Yanks Sam Mele of the White Sox, Orioles and Redlegs had a string of 157 errorless games in the outfield up to May 23 of last season The Major League record for consecutive errorless games by an outfielder was set at 187 by Danny Litwhiler of the Philadelphia Phillies 12 years ago

Twenty-Game Winners To Be Few This Year

NEW YORK (AP) — Twenty game winners in the major leagues this season almost will be as scarce as one legged outfielders

With one third of the campaign left, only Don Newcombe of Brooklyn and Robin Roberts of the Philadelphia Phillies appear certain to wind up with as many as 20 victories

Newcombe has an 18 - 1 record while Roberts with at least 20 triumphs in each of the last five years has won 16 games while losing nine

Frank Sullivan of the Boston Red Sox (14-8) has a chance to make the 20-grade So have Early Wynn (13 5) and Bob Lemon (12 7) of the Cleveland Indians and Whitey Ford (12 5) of the New York Yankees Lemon, seeking his seventh 20 game year, has been bothered by a hip injury Dick Donovan of the Chicago White Sox has a 13 4 record before he was sidelined by an appendicitis attack

Last season produced six 20-game winners — Wynn, Lemon and Roberts with 23 Johnny Antonelli of the New York Giants and Warren Spahn of Milwaukee with 21 and Bob Grim of the Yankees a rookie with 20 Antonelli is 8 13 this year Spahn has a 9 11 record and Grim out with a sore arm has won only four games against two setbacks

Reds Boost Streak to 5, Defeat Phils

CINCINNATI (AP)—The Cincinnati Redlegs will put a five game winning streak on the line tonight in a twi night doubleheader with the Philadelphia Phillies

The Reds edged the Phils 4-3 last night with Hershell Freeman coming to the rescue for the third straight time, to rise to sixth place

Freeman 26 year-old righthander was purchased from the Boston Red Sox last May 10 There were some grunts and groans by critics when the Redlegs made the announcement of his acquisition for his record wasn t too promising

Manager Birdie Tebbetts sent in Freeman in both ends of Sunday s doubl header and called upon him to protect the Reds one run lead last night He came through in all three games and in fact has allowed no runs in his last 11 innings

Freeman faced one Phil Willie Jones with two out in the ninth and with runners on first and third He got Jones to ground out to preserve Art Fowler s victory

Fowler got into trouble in the ninth when Glen Gorbous doubled down the right field line and Richie Ashburn bunted Gorbous scored on Jim Greengrass' grounder Freeman replaced Fowler after Del Ennis singled

Fowler's win was his sixth in 13 decision He singled home a run in the second inning after Bob Thurman walked and Roy McMillan tripled Johnny Temple singled and Wally Post doubled for one run in the third

The Reds scored what proved to be the winning run in the eighth on three straight singles by Post, Gus Bell and Thurman They came after two outs

Three Reds were caught in three base running plays Post attempted to get home from second on a sin in the first inning and was nabbed at the plate McMillan was out on a similar play in the fourth Milt Smith failed in his attempt to steal in the sixth

Clark, G&G Lose

VFW, Alloy Score 1-Hit Victories in Pony League

VFW retained its hold on top spot in second round Pony League play by blanking Clark Metal 9-0 last night t Lincoln Park

VFW	6	2	.750
Alloy	5	3	625
Clark Metal	3	5	.375
G & G Homes	2	6	.250

Alloy remained one game behind the pace-setters by edging G & G Homes, first round champs in a play off game with VFW, by a 3-2 margin

Both losing squads were held to one hit by the opposition

Steve Flesher tossed no hit ball at Clark for five innings before surrendering a lead-off hit in the sixth in VFW's nightcap win

Flesher fanned 15 while walking six Meanwhile, his mates were banging out eight hits off Clark pitching

The winners scored what proved to be the winning marker in the first frame on a pair of hit batsmen and hit by Flesher Two more on two hits crossed the plate in the third, while five runs were scored in the fourth on three hits and one tallied in the final inning on a pair of hits

Evans went the distance for Clark He fanned 14, walked four and hit two batters

Dale Walters, Pete Portelus and Flesher all had two hits for the winners Morbitt collected Clark s lone hit

Jodie Lenavitt hurled no hit ball for six innings after permitting a first inning single in keeping Alloy on VFW s heels in first

Lenavitt in evening up his record at 2 2 fanned eight and walked five Walks led to both G & G runs in the fifth and sixth frames the first scoring on a wild pitch and the final run crossing the plate on an infield out

Three runs in the fifth on only one hit off Bob Middleton gave Alloy its victory margin Rich Gallimore's double after Larkin was hit by the pitcher and Lenavitt walked accounted for the first two runs and Gallimore scored on a passed ball after reaching third on an overthrow

Middleton in losing his fifth game against four wins gave up only three hits to the winners He struck out 14, walked two and hit a batter

Gallimore had all three of Alloy s hits Howison netted G & G Homes lone hit

Star Shortstop Has Troubles At Milwaukee

MILWAUKEE (AP)—Johnny Logan who has led the National League's shortstops in fielding for the past three years is having glove troubles these days with the Milwaukee Braves

He s leading the Braves in batting with a tidy 311 — about 30 points higher than he usually hits — but he s in a fielding slump His 965 average is about 15 points off his usual pace

Monday night s 4-3 Braves' loss to the Brooklyn Dodgers in 10 innings was a case in point

The 28-year-old infielder couldn t find the handle on a hopper by Don Hoak with the bases loaded in the 10th permitting Junior Gilham to score the deciding run

Logan didn't draw his second error of the evening then because he recovered in time for a force out at third the only play left to him but that was small consolation

'I make the hard ones ' he said after the game 'but I muff the ones I should grab I took my eye off the ball to see if I had a chance at second for the double play and that was it"

Logan had 12 assists a putout and erred in the sixth on a grounder by Roy Campanella

Pony Leaguers Start Title Play Monday Night

Plans for the upcoming series to determine the city Pony League championship were announced today by Charlie Morbitt, Baseball for Boys Commission president

Pony League play winds up Wednesday night with front running VFW facing Alloy, only a game behind in the standings A VFW win would give them the second round title outright and Morbitt said the best two out of three game series between VFW and G & G Homes first round titlists, would begin Monday night The second game would be played Wednesday night and the third and deciding game, if necessary, would be held Friday

If Alloy wins and deadlocks VFW for the second round Pony League title, the playoff game will be played Monday night, Morbitt said and the series for city honors would begin Wednesday

Series games will start at 7 45 p m each night at Lincoln Park

VFW To Fete League Entry

Members of VFW's Pony League squad are to be feted immediately follow their tilt with Alloy Wednesday night at Lincoln Park

William Jevas, commander of the local VFW Post, has announced that tomorrow night would be special VFW night Members of the VFW squad their families and VFW members will be treated to a picnic at the park after VFW and Alloy battle in the Wednesday night Pony Leauge opener at 6 15 p m

Major Leagues Drop March 1 Training Rule

CHICAGO (AP) — The major leagues Monday knocked out the rule that a player cannot report to spring training before March 1 and scheduled the controversial bonus rule for action at a joint meeting in Chicago next December

The player bonus rule which has been unsatisfactory to everyone concerned, requires a team to carry bonus players for two years and include them within the 25 player limit The rule probably will be dropped

A public relations firm authorized to make a study of the public's reaction to the game, reported a large percentage of people agree that baseball is America's "national game' Principal reasons given by persons not attending games were poor car parking facilities, preference for watching games on television cost of attending and a dislike for the length and slow pace of games

Sycamore Youth Signs With Tigers

Don Hannam son of Mr and Mrs Hershel Hannam Sr of Sycamore has signed a contract with the Detroit Tigers Hannam a star at Sycamore High School in baseball and basketball will report to the Tigers spring training camp at Lakeland, Fla next year

While in high school he pitched 57 games, losing only two of them The 17-year-old was an outstanding guard on the school s basketball team

Chicago Loses Top Hurler

White Sox Tangle at Boston Tonight In Effort To Increase League Margin

By ED CORRIGAN
Associated Press Staff Writer

Nursing a paper thin game lead deprived of the services of their top pitcher, the Chicago White Sox tackle the rollicking Boston Red Sox tonight in the tight American League race

The White Sox are just one game and 12 percentage points in front of the New York Yankees and Cleveland Indians and three games ahead of the Red Sox, currently the hottest team in the league

While the White Sox and Red Sox are battling the Yanks and Indians will be trying to knock each other out of the race in the first of a three-game set in New York

Marty Marion's Pale Hose are hampered by the absence of Dick Donovan their No 1 right hander He is recuperating from an appendectomy and will be out more than four weeks

Johnson vs. Brewer

Connie Johnson (3-1) will get the call tonight Tommy Brewer (8-8) will be on the mound for the Red Sox

To add to the White Sox s troubles third baseman George Kell third leading hitter in the league has been having back trouble again and strictly a limited-service performer now

The Yankees and Indians eager to get off on the right foot will send their aces to the rubber Early Wynn (13 5) goes for the Indians while Tommy Byrne (9-2) pitches for the Yanks

No games were scheduled in the American League Monday but the National League had a full slate The Brooklyn Dodgers widened their lead to 14½ games by coming from behind to defeat the second-place Milwaukee Braves 4-3 in 10 innings

Giants Whip Cards

In other games the New York Giants knocked the St Louis Cardinals into seventh place with a 9-1 victory, the Cincinnati Redlegs climbed to sixth by winning their fifth straight a 4-3 decision over the Philadelphia Phillies, and the Pittsburgh Pirates edged the Chicago Cubs 5-4

Lew Burdette held the Brooks scoreless until they tied it in the seventh with three runs They won it in the 10th when Johnny Logan bobbled a double play ball permitting Junior Gilham to score Don Liddle made his first start for the Giants in more than a month and held the Cards to five hits Willie Mays hit his 34th homer

Hershell Freeman came to a mate s rescue for the third time in the last three games when he saved Art Fowler in the ninth for Cincinnati

Dick Hall whipped the Cubs for the second time in eight days and in the process broke a six game Pirate losing streak He also knocked in what proved to be the winning run with a single in the ninth That gave him a 5 2 lead but the Cubs scored twice in their half

Lopez Says Indians Can Win AL Flag

NEW YORK (AP)—"The way we were going early, we're lucky to be this close."

That's the way Manager Al Lopez of Cleveland sizes up his club's position in the American League jumble. "If we can get started, we can win it all," he added.

The Indians have won 9 of their last 12 after a stuttering start, and now are tied for second place with the New York Yankees, only one game behind the Chicago White Sox.

As for his newest pitcher, Sal Maglie, Lopez wants to wait and see.

"As soon as we find out what kind of condition he's in, and if he can throw real good, we'll know when to use him," he said. "I know he'll help us a lot. I expect to spot him as a starter."

Lopez, incidentally, insisted the Indians paid no more than the $10,000 waiver price for the ex-New York Giant although most reports set the figure at $25,000.

For the three-game series with the Yankees, opening tonight at Yankee Stadium, Lopez expects to use Vic Wertz on first base and alternate Hoot Evers and Gene Woodling in left field. The rest of the lineup is set.

Early Wynn (13-5) will face Tommy Byrne (9-2) in tonight's opener with a crowd of about 42,000 expected. In the Wednesday day game it will be Mike Garcia (7-10) against Bob Turley (11-9) and the Thursday afternoon finale probably will find Herb Score (10-9) dueling with Whitey Ford (12-5). It would be Score's first start against the Yanks although the rookie turned in a brilliant relief job at New York earlier in the season.

Lopez expects Bob Lemon (12-7), normally the Tribe's ace, to report to the club before tonight's game. He pulled a muscle in his right leg several weeks ago and went to a hospital for rest. He will not be ready to work in the Yankee series.

The Yankees, incidentally, are reluctant to talk about the Maglie deal. They don't want to say if they were trying to get the veteran waived out of the National

If they did expect to get him, they were balked by Hank Greenberg, Cleveland general manager, who did so much yowling when Johnny Sain, Johnny Mize and Johnny Hopp were slipped from the National to the Yanks a few years back.

At the insistence of Greenberg, the majors adopted a rule that required waivers in both leagues, instead of just the league in which the player was performing. Waivers work in reverse order with the standings to that the last-place club gets first grab. After the National waived on Maglie, the lower American clubs had first chance At the time waivers were asked, Cleveland was below New York in the standings and thus entitled to claim Maglie first.

Scott Frost Is Hambletonian Early Favorite

GOSHEN, N. Y. (AP) — Harness horse fans who look in on the 30th Hambletonian Stakes Wednesday may be seeing the greatest 3-year-old trotter since Greyhound won the sulky classic just 20 years ago.

That was the general impression today as Scott Frost stood out like a lighthouse in a field of 11 of the nation's fastest trotters.

Scott Frost is owned by Sol Camp, Shafter, Calif., potato and cotton farmer, and he bids fair to take racing's second big prize back west this season. California's Swaps won the Kentucky Derby, and Scott Frost is the early 3-5 favorite for this trotting counterpart of the derby.

Hoot Mon holds the Hambletonian time record of 2 minutes flat for the mile, and Scott Frost is a son of that 1947 winner.

Scott Frost is one of three horses entered by Camp, and stablemate Butch Hanover has a good chance to grab second money. The other Camp contender is Home Free.

The main opposition is Galophone, owned by William T. Maybury, Dexter, Maine, machine tool maker, and Childs Hanover, property of the Texas oilman, K. D. Owen of Houston. Galophone is 4-1 and Child Hanover 6-1.

Akron Nine Meets Toledo in Tourney

COLUMBUS, Ohio (AP) — Akron's entry in the state American legion baseball tournament meets Toledo this afternoon after a whopping, 19-0 victory over St. Marys in yesterday's opening rounds.

The Akron team held St. Marys to two hits while pounding out 16 hits off three St. Marys pitchers.

Other games scheduled today in the double-elimination tournament include (morning round) Warren, v. Lancaster, Brookville v. Portsmouth, St. Marys v. Bexley, Steubenville v. Newark; (afternoon) Zanesville v. Cleveland, Mansfield v. Cincinnati.

Mansfield defeated Steubenville, 6-2, on 11 hits. Steubenville made only two errors to four for Mansfield but was able to muster only four hits.

Ricca To Take Crack at Lions' Guard Position

YPSILANTI, Mich. (AP) — The biggest man will have the biggest job for the Detroit Lions this season.

It will be Jim Ricca's assignment to take over for Les Bingaman, the frightening 300-pound middle guard who called it quits after last National Football League season.

Ricca, 6-4 and 280 pounds, came to the Lions in the off-season trade which sent LaVerne Torgeson to the Washington Redskins.

"We got him for the express purpose of taking Bingaman's place," explained coach Buddy Parker as the Lions went through a light workout at their Eastern Michigan College training base Monday.

Ricca was elated when he learned he had been traded to Detroit.

"It's like a baseball player being traded from the Washington Senators to the New York Yankees," he said.

2 Salem Youths Killed

HUNTSVILLE, Ont. (AP)—A two-car collision yesterday on fog-covered highway 11 south of here killed Elvin Witmore, and Lester J. Martin, both 16 and of Salem, Ohio. The accident injured six others, including Jacob Van Tett, 16, of Columbiana, Ohio.

Columbus Jets Lose 9-5 Game To Cuban Club

By The Associated Press

The Havana Sugar Kings, members of the International League only three years, today holds the attendance record for the oldest minor league in the country. What's more, they are within striking distance of second place.

They celebrated "Cubans Day" last night by whipping the Columbus Jets 9-5 before a crowd of 29,917. The old mark of 29,644 was set in 1949 by the Baltimore Orioles and Jersey City Giants.

The Cubans victory moved them within a game of the second place Montreal Royals, who dropped a doubleheader to the pace setting Toronto Maple Leafs, 11-4, and 3-2.

In other games the Syracuse Chiefs moved to within two games of fourth place with a 7-3 victory over the Richmond Virginians and the Buffalo Bisons edged the Rochester Red Wings 4-3.

Lyle Phillips likes his horses. In addition to owning and training a large string of thoroughbreds, Phillips is a nationally rated polo player.

Shovel Eliminated

Local 750 Nine Defeats Mansfield Tourney Team

Marion teams divided in district tournament action at Mansfield last night.

Local 750 remained in the tourney running by besting Schmid and Son of Mansfield 7-2 while Marion Power Shovel was eliminated 11-1 by the Bucyrus Merchants.

Paul Belt held the Mansfield nine to four hits and fanned 13 in the Local 750 triumph.

Belt aided his own cause with three hits and scored one of the winners' runs. Joe Paulus cracked out the first homer of the tournament, walked and later scored again. Loper reached base three times and later scored after being hit by the pitcher, walking and being safe on an error.

Shovel was held to two hits in its loss to Bucyrus' Merchants. G. Gunder and Bob Higgins collected the losers' lone hits. Bucyrus had 10 hits off Shovel hurling.

Statler Realty of Mansfield edged American Tower of Shelby 9-8 in the other tourney opener last night.

Local 750 sees its next action Thursday at 9 p.m. when it goes against Bud's Sport shop of Upper Sandusky. Marion's other two entries in district competition will see initial action Friday. Erie AA faces the winner of tonight's Mansfield Tappan Stove-Galion Perfection Steel contest in the second game while Mac's Trading Post meets the winner of tonight's class clash between Mansfield Tire and Danville Merchants in the nightcap.

Toledo's Lead In Association Just Half Game

By The Associated Press

The drum tight American Association pennant chase turned into a 3-team scramble last night.

When the dust cleared, Toledo still held its slim grasp on the top rung of the loop ladder. But both Minneapolis and Denver were only a half-game back.

A grand slam homer by Jim Fridley in the opener and a 2-hit mound chore by Chuck Garmon brought Denver a sweep in both games of a twin bill with cellar-mired Charleston, 11-10, and 9-1.

Toledo slapped Omaha back into fourth place—two games off the pace—with a 9-3 win, and Minneapolis handed Louisville its third straight loss 5-2.

In the night's other contest, St. Paul's Saints kept their faint pennant hopes alive by stomping Indianapolis 5-0.

All American Golf Qualifying Begins

CHICAGO (AP) —Professional golfers from throughout the nation will shoot for 72 qualifying places in the All American Men's Professional Tournament at Tam O'Shanter today and Wednesday.

Doug Sanders of Cedar Town, Ga., and Chicago's Chick Evans Monday led 17 qualifiers in the All American Men's Amateur section with three-under-par 69s.

Also determined Monday were women qualifiers in both the amateur and professional sections.

Joyce Ziske of Waterford, Wis., and Alice Bauer Hagge of Sarasota, Fla., led the women professional qualifiers, each firing a 75 over the 18 holes.

Greta Leone of Chicago topped the women amateurs with a 40-38—78. She was followed by Ruth Jessen, Seattle, Wash., and Nadyne Granick, Milwaukee, both with 79s.

Campanella, Al Kaline Leading Major Leagues

NEW YORK (AP) —Roy Campanella, slugging catcher of the Brooklyn Dodgers, broke out of a slump last week and today held a 10 point lead over Philadelphia's Richie Ashburn in the National League batting competition.

Campy climbed seven points to .338 with 12 hits in 30 at bats. Meanwhile Ashburn dropped eight points to .328 with onyl six safeties in 27 trips.

In the American League, Al Kaline of Detroit, in the throes of his worst slump of the year, tailed off 13 points. He's batting .352, but his lead isn't nearly as large as it was several weeks ago.

Harvey Kuenn of the Tigers is in the runnerup spot with .327. He increased his average one point George Kell of the Chicago White Sox moved into third place at .318 with a five point gain.

Duke Snider of the Dodgers, the National League's third leading batter with .317, is tied with Cincinnati's Ted Kluszewski for the home run lead. Each has walloped 35 while Willie Mays of the New York Giants is right behind them with 34.

Kaline and Mickey Mantle of the New York Yankees are deadlocked for the American League home run lead with 23 apiece.

Tennis Ace Starts Back Treatments

NEW YORK (AP) — American Davis Cup ace Tony Trabert today began a 10-day series of treatments intended to eliminate his back miseries and have him in shape for the challenge round in Forest Hills at the end of the month.

Trabert will be out of action because of a pulled muscle until Aug. 12. The challenge round, in all probability against Australia, is slated for Aug. 26-27-28.

That would give Trabert exactly two weeks to get in shape after being out of action for more than a week.

Salem Boy Killed

SALEM, Ohio (AP)—Fourteen-year-old Robert Stone of Salem was killed last night when struck by a car on a county road just south of here, the state highway patrol reported.

ORDINANCE NO. 5924

AN ORDINANCE AUTHORIZING AND DIRECTING THE SAFETY SERVICE DIRECTOR TO ENTER INTO A CONTRACT WITH OHIO EDISON COMPANY FOR THE FURNISHING OF ELECTRICAL ENERGY FOR THE OPERATION OF TRAFFIC CONTROL AND WARNING LIGHTS IN THE CITY OF MARION, OHIO, FOR A PERIOD OF ONE YEAR FROM THE EFFECTIVE DATE HEREOF, AND THEREAFTER FROM YEAR TO YEAR, FOR A TOTAL PERIOD OF NOT MORE THAN TEN YEARS.

BE IT ORDAINED by the Council of the City of Marion, Ohio:

Section I: Subject to the terms and conditions of this Ordinance, the Safety Service Director of the City of Marion, Ohio be and he is hereby authorized, empowered, and directed to enter into a contract with Ohio Edison Company for the furnishing of electrical energy for the operation of all of the traffic control and warning lighting units on the streets, ways and public places of the City of Marion, Ohio, and said contract shall contain the following terms and conditions, to-wit:

This contract, made and entered into this xx day of xxx, 1955, by and between the City of Marion, Ohio, a municipal corporation, duly organized and existing under and by virtue of the laws of the State of Ohio, hereinafter designated as "City", and Ohio Edison Company, a corporation duly organized and existing under and by virtue of the laws of the State of Ohio, hereinafter designated as "Company",

WITNESSETH:

WHEREAS, The Council of the City of Marion, Ohio, on the xx day of xxx, 1955, duly passed an ordinance numbered xxx authorizing and directing the Safety Service Director of the City to enter into a contract with Company for furnishing electrical energy for the operation of traffic control and warning lights installed and maintained by the City on the streets, ways and public places of the City;

NOW, THEREFORE, in consideration of the promises herinafter contained, it is agreed as follows:

1. This contract shall become effective as of xxx, 1955, and shall remain in force and effect for an initial period of one (1) year, and thereafter from year to year for a total period of not more than ten (10) years, provided, however, that either party may terminate this contract by giving written notice of termination to the other party at least ninety (90) days before the expiration of the initial period, or any annual renewal date thereafter.

2. The Company shall furnish the electrical energy required to supply all of the traffic control and warning lights now installed in the City of Marion, Ohio, as contained in the tabulation attached hereto and made a part hereof, and City shall pay at the following monthly net rates; said payments to be made monthly:

SCHEDULE OF RATES FOR TRAFFIC LIGHTING

Type of Traffic Control Lights	Net Monthly Rate Per Light 60-Watt Bulbs	67-Watt Bulbs	100-Watt Bulbs
(a) 5-Way with 2 or 3 bulbs per way*	$5.00	$5.60	$8.35
(b) 4-Way with 2 or 3 bulbs per way*	4.00	4.50	6.65
(c) 3-Way with 2 or 3 bulbs per way*	3.00	3.35	5.00
(d) 2-Way with 2 or 3 bulbs per way*	2.00	2.25	3.35
(e) 1-Way with 2 or 3 bulbs per way*	1.00	1.10	1.60

For additional lights add to the above net rates the amounts indicated below:

Intermittent Operation			Continuous Operation		
$ .50	per	60-watt bulb	$1.00	per	60-watt bulb
.55	per	67-watt bulb	1.10	per	67-watt bulb
.80	per	100-watt bulb	1.60	per	100-watt bulb
1.20	per	150-watt bulb			

*"Way" means the direction in which traffic is controlled.
Minimum Charge—$1.00 net per month per service connection.

Warning Lights—24 hour (or less) operation	Mo.
Flashing:	
(a) Units using 1 — 60-watt lamp bulb	$.50
(b) Units using 1 — 67-watt lamp bulb	.55
(c) Units using 1 — 75-watt lamp bulb	.60
(d) Units using 1 — 100-watt lamp bulb	.80
(e) Units using 1 — 150-watt lamp bulb	1.20
Continuous:	
(a) Units using 1 — 60-watt lamp bulb	1.00
(b) Units using 1 — 67-watt lamp bulb	1.10
(c) Units using 1 — 75-watt lamp bulb	1.20
(d) Units using 1 — 100-watt lamp bulb	1.60
(e) Units using 1 — 150-watt lamb bulb	2.40

Minimum Charge — $1.00 net per month per service connection.

The charge for any warning unit containing more than a single lamp bulb shall be obtained by multiplying the above net rates by the number of bulbs contained in the unit for which a price is desired.

The charge for any combination of warning units connected to a single service connection shall be established by adding the net rates of each unit included in the combination for which a price is desired.

Traffic Control Units and Warning Lights shall be owned, installed and maintained by the City, including all wiring and equipment. All service connections shall be made by the Company.

3. On or about the first day of each month the Company will present a bill to the City for service furnished under this contract during the preceding month, which bill shall be due and payable within twenty (20) days following the presentation thereof.

4. During the term of this contract, upon written order of the Safety Service Director, Company will provide service connection to additional traffic control or warning lights at locations specified, provided, however, that no extension will be required when the cost thereof is unreasonable in relation to the annual revenue to be derived therefrom.

5. It is understood and agreed that all of the Company's obligations hereunder respecting the making of extensions and the furnishing of service shall at all times be subject to limitation or restriction by virtue of orders or regulations issued by governmental authorities.

6. There are no understandings or agreements, either written or implied in relation to furnishing electrical energy for traffic control and warning lights, outside of this contract and the same shall be in full force and effect when signed and approved by the authorized agents of the parties hereto.

7. The terms, provisions, covenants and conditions of this contract shall extend to, inure to, and bind the successors and assigns of the parties hereto.

Section II: Any and all other ordinances or parts of ordinances heretofore enacted by the Council of the City of Marion conflicting herewith be and they are hereby repealed.

Section III: This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed July 25, 1955.

PEEDY JUSTICE

OKLAHOMA CITY (AP) — Mrs. Glen Edward Thomason appeared in police court and told Judge James Demopolos she'd take all the blame for her husband's ticket for speeding. She explained it was her fault because she had disconnected the car's speedometer. Mrs. Thomason asked that she be allowed to pay the fine. The judge went one better and suspended sentence.

NOTICE FOR APPLICATIONS UNDER THE UNIFORM DEPOSITORY ACT

CITY OF MARION
ORDINANCE NO. 5923
STREET LIGHTING ORDINANCE

ORDINANCE NO. 5923 PROVIDING FOR THE LIGHTING OF THE STREETS, WAYS AND PUBLIC PLACES IN THE CITY OF MARION, OHIO, FOR THE PERIOD OF TWO (2) YEARS FROM THE EFFECTIVE DATE HEREOF, AND THEREAFTER FROM YEAR TO YEAR FOR A TOTAL PERIOD OF NOT MORE THAN TEN (10) YEARS AND REPEALING ORDINANCE NO. 4878.

BE IT ORDAINED by the Council of the City of Marion, Ohio:

Section I: Subject to the terms and conditions of this Ordinance, the Safety Service Director of the City of Marion is hereby authorized and empowered and directed to enter into a contract with Ohio Edison Company for lighting by electricity the streets, ways and public places in the City of Marion, and said contract shall contain the following terms and conditions, to-wit:

This contract, made and entered into this xx day of xxx, 1955, by and between the city of Marion, a municipal corporation, duly organized and existing under and by virtue of the laws of the State of Ohio, hereinafter designated as "City" and Ohio Edison Company, a corporation duly organized and existing under and by virtue of the laws of the State of Ohio, hereinafter designated as "Company",

WITNESSETH:

WHEREAS, The Council of the City of Marion on the xx day of xx, 1955, duly passed an ordinance numbered xxx authorizing and directing the Safety Service Director of the City to enter into a contract with Company for lighting by electricity the streets, ways, and public places of the City,

NOW, THEREFORE, in consideration of the promises hereinafter contained it is agreed as follows:

1. This contract shall become effective as of xx, 1955 and shall remain in force and effect for an initial period of two (2) years and thereafter from year to year for a total period of not more than ten (10) years, provided, however, that either party may terminate this contract by giving written notice of termination to the other party at least ninety (90) days before the expiration of the initial period or any annual renewal date thereafter.

2. The Company shall furnish, operate, and maintain the street lighting system on the streets, ways, and public places of the City and the City shall pay at the following monthly net rates, said payments to be made monthy:

"Extension or extensions" shall mean any additions which require expenditures in addition to those caused by ordinary maintenance and repair. The rebuilding of existing installations from underground feeders to an overhead-served installation with the same or higher lighting intensities shall not be considered an extension.

Each of the above net rates shall be subject to a discount of 10% during the first twelve month period of the contract. At the expiration of the first twelve month period of the contract, the above net rates shall be applicable as herein provided.

3. On or about the first day of each month the Company will present a bill to the City for the lighting units furnished, operated, and maintained under this contract during the preceding month, which bill shall be due and payable within twenty (20) days following the presentation thereof.

4. During the term of this contract, upon written order of the City, the Company will furnish, operate and maintain at the rates herein set forth, additional equipment similar to that described above, provided, however, that no extension will be required when the cost thereof is unreasonable in relation to the annual revenue to be derived therefrom or so long as any units of the then existing installed system are out of service at the request of the City and provided further that no extension or installation in the underground City and provided further that no extension or installation in the underground system shall be required without the written consent of the Company.

5. The City may, by written order, make a change in the location of any of the lighting units, but the cost and expense of making any such change shall be paid by the City.

6. Lamps shall burn on the established schedule for street light service, which means that all street lamps shall operate each and every night in the year from approximately one-half hour after sunset to one-half hour before sunrise for an annual operation of approximately four thousand hours.

7. The City shall have the right to affix attachments for the police and fire signals system on any and all poles owned by the Company, provided that such attachments shall in no way interfere with the Company's use of its property and such attachments, if made, shall be constructed in accordance with accepted standards for safe construction.

8. The Company, in operating and maintaining underground street lamps which are not owned by it, does not assume any obligation to replace such equipment at the end of its useful service life with a new underground system at the expiration of its useful service life with a new wood or steel pole system served from overhead facilities at rates and charges which may be in effect at the time when such replacement becomes necessary.

9. The terms, provisions, covenants, and conditions of this contract shall extend to, inure to, and bind the successors and assigns of the parties hereto.

10. There are no understandings or agreements, either written or implied, in relation to street lighting service other than those contained in this contract and the same shall be in full force and effect when signed and approved by authorized agents of the parties hereto.

SECTION II. Ordinance No. 4878 and any and all other ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION III. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

N.Y. Stock Quotations

NEW YORK (AP)—The stock market declined quietly today with a lot of resistance in the early afternoon.

The decline extended to between one and two points while gains ran to around a point.

Trading was at a pace of two million shares. Monday's falling market accounted for 2,190,000 shares.

Going up were Bethlehem Steel, General Motors, and Standard Oil (NJ), and also higher were such issues as Douglas Aircraft, Seaboard Railroad, American Cyanamid and Kennecott Copper.

But there were many prominent losers. Lower were American Telephone, U.S. Steel, Chrysler, Goodyear, Du Pont, General Electric, and Eastern Air Lines.

Peabody Coal common and preferred stocks were slightly lower and active on the Midwest Stock Exchange in Chicago. They were dropped from trading at the close Monday by the New York Stock Exchange which said that the company failed to abide by an exchange rule that requires stockholder approvals of mergers.

U.S. government bonds were lower.

Pay-as-You-Eat System Set Up at State Hospital

By BILL TERRY

COLUMBUS, Ohio (AP) — Bill French, publicity chief of the state Department of Mental Hygiene and Correction, treated two newsmen to lunch yesterday and the whole bill came to only $1.75.

The occasion was the "pilot run" of the pay as you eat cafeteria service for employes of the Columbus State Hospital on W. Broad Street.

Until yesterday employes who chose to eat in the hospital cafeteria paid a flat monthly sum for their meals there—$10 a month if they ate only lunch, $20 a month if they ate two meals a day and $30 a month if they also had breakfast.

Pay Only for Eating

Now they pay only for meals they eat, and the hospital superintendent, Dr. M. R. Wedemeyer, said prices will be kept low enough to cover costs of buying, preparing and serving the food.

Before, some employes had kicked about the flat monthly charge, pointing out they didn't eat at the hospital every day during the month.

Dr. John D. Porterfield, department director who watched the launching of the pay as you eat program, said the idea should spread to the 30 plus other state institutions by Oct. 1. About 5,300 state employes now pay for their meals on a monthly basis.

Yesterday the cafeteria served more customers than it has in three years at lunch, Dr. Wedemeyer said. One reason, of course, was because a number of other state officials were on hand—including the state finance director, John Wilcoxon; the chief of the department's business administration division, John C Waidner, and two of his aides, Charles Moorehead and Donald E. Smeltzer, as well as M. C. Koblentz, chief of the division of correction, and his assistant, E. B. Haskins.

Full Menu Available

The food was prepared under the supervision of Mrs. Mary D. Benham, department nutritional consultant. Her menu included roast beef at 30 cents, escalloped potatoes and ham, 18 cents, cold plate of ham, potato salad and tomatoes at 35 cents, salads at 10 and 15 cents, desserts at 10 and 15 cents, Navy beans at 10 cents, vegetable side dish at 10 cents, coffee at 5 cents, milk at 8 and iced tea at 5 and sandwiches at 15 to 25 cents.

The menu is more varied than when flat rates were charged.

Koblentz studied the cafeteria plan for use at Ohio Penitentiary and other penal institutions. He studied 69 cents worth of roast beef, spinach (which he didn't finish) and other dishes.

District Kiwanians Gather in Crestline

The seventh district council meeting for Kiwanis Club members was held Thursday night at the Greenlawn, north of Crestline, with the Crestline club as host. Ladies Night was observed and there were 75 persons in attendance.

The ladies, accompanied by Mrs. Mattson of the Greenlawn, went to the home of Mr. and Mrs. L. A. West for a tour of their home and gardens. Refreshments were served.

During the Kiwanis business meeting, Harold Miller of Mount Gilead, president of the seventh district, was in charge. Paul Plasterer of Marysville acted as moderator for the panel discussion of Kiwanis problems. Robert Wiseman of Galion, lieutenant governor, Arthur Busch of Marion and Willis Carto of Mansfield participated. The Bucyrus club won the traveling plaque for the largest percentage of members in attendance.

Kiwanians from Galion, Bucyrus, Delaware, Mansfield, Marion, Marysville, Mount Gilead, Mount Vernon and Crestline attended.

Another meeting was planned for Sept. 22 in Mansfield.

NEW 'MAID OF THE MIST.' The Maid of the Mist III is shown as it was launched in the Niagara River, at Niagara Falls, Ont., with the famous cataract in the background. The metal craft replaces the two Maids which were destroyed in a flash fire April 22 while they were being outfitted for the summer season. Like its predecessors, Maid III will take tourists into the spray at the foot of the famous falls.

Moroccan, Crazed With Dope, Wages Holy War, Slays 4

TANGIER, (AP)—A dope-crazed Moroccan launched a one-man holy war on foreigners and Jews in Tangier's tortuous alleys today, stabbing to death four persons, including a tourist from New Jersey. Five other persons were wounded.

The victim from America was identified as James M. Batting, a British subject living in Teaneck, N.J. He and his wife had arrived in this international zone of North Africa only three days ago.

Mrs. Batting was with her husband when he was stabbed but was not harmed.

Police captured the Moroccan after wounding him slightly. They said he had been smoking "kif," a local form of marijuana, and wanted to launch a jihad — the Moslem holy war — against foreigners and Jews.

$25,000 Action Filed By Sycamore Resident

UPPER SANDUSKY — A suit for money in the amount of $25,000 has been filed in common pleas court here in behalf of Amy Lou Hill by Cassius Hill, her father, of Sycamore, against Lloyd Keller, also of Sycamore. Also filed by Hill against Keller was a suit for $376.72 to recover for medical expenses.

Both suits are the result of an accident at a street movie in Sycamore, July 12, 1953, when Keller's auto allegedly struck Miss Hill, causing serious injury.

Ingalls Promoted

WASHINGTON (AP)—David S. Ingalls, cousin and campaign manager of the late Sen. Robert A. Taft (R-Ohio), was nominated yesterday by President Eisenhower for permanent appointment to the grade of Rear Admiral in the Naval Reserve.

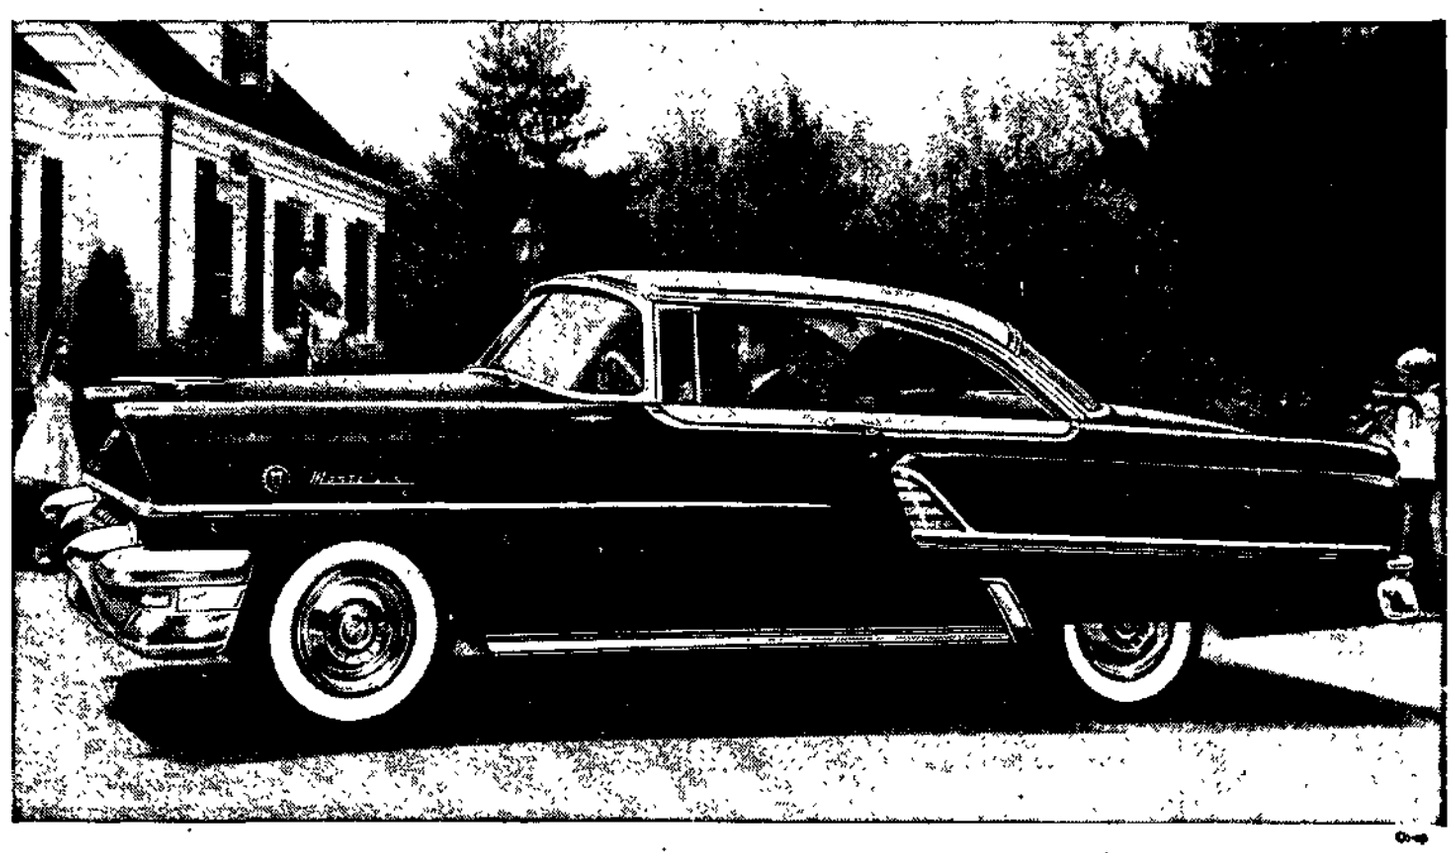
Mercury beauty, power and resale value boost sales to record high...



And record sales mean record deals. Cut your cash outlay by acting now—get a far bigger allowance for your present car.

It's worth a trip to our showroom just to hear the figures! For it's never been easier than *right now* to own a Mercury.

HIGH-VOLUME DEAL—Mercury's record-breaking popularity now permits us to operate on a much higher-volume basis. We can offer the best deals in our history. And, remember, a Mercury deal means far more than just a low price. Look at what you get:

EXCLUSIVE STYLING—No "look-alike" styling for Mercury. You get fresh, distinctive beauty—styling shared by no other car.

SUPER-TORQUE POWER—You get more than just high horsepower (188 and 198 hp)—you get far more *usable* power. More power is put to work in pickup and passing speed ranges—where you can use it for *everyday* driving, not just for high speeds.

EXTRA-VALUE FEATURES—Only Mercury in its field offers you so many important extras at no extra cost. For example, a 4-barrel carburetor on all models. Special 18mm anti-fouling spark plugs. Ball-joint front suspension. And dual exhausts on all Montclairs and Montereys, and Custom Station Wagons.

CONSISTENTLY HIGHEST RESALE VALUE—Mercury protects your investment better than any other car in its field. Independent reports show that Mercury consistently returns more of the original purchase price at trade-in time. In short, no other car offers you bigger reasons for buying it. And you couldn't pick a better time to get a deal on a new Mercury. So why wait? See us today.

THE BIG MOVE IS TO MERCURY
Mercury is setting new sales records every month. More than 2,000,000 Mercurys have been bought since 1946.
1955
1946
Solid line shows how the number of Mercurys on the road has steadily increased every year since 1946.

Secret of Plant Life's World Being Studied

PASADENA, Calif. (UP) — One of the world's greatest mysteries —how plants make food from sunlight, air and water—is a step nearer solution.

University of California scientists who last year achieved the first photosynthesis outside a plant cell have cleared another hurdle in their effort to duplicate nature's trick.

Irwin B. Allen, assistant research biochemist, described to the American Association for the Advancement of Science the new achievement. She told how she and four colleagues broke into chloroplasts without disturbing photosynthesis action.

"Chloroplasts are themselves highly complex entities," she said. "To make further progress we had to take them apart and reduce them to simpler units. The first step in this analysis has now been accomplished. Broken chloroplasts not only carried on the regular functions of photosynthesis but did them about six times better than whole chloroplasts."

Berkeley plant nutritionists succeeded about a year ago in taking the tiny light-converting particles out of plant leaves without damaging them. The particles, — chloroplasts—kept right on manufacturing starch and sugar from carbon dioxide and water in the presence of sunshine.

Atomic Smasher Being Erected at University

LOS ANGELES, Calif. (UP) — The Pacific Coast's cyclotron — a 49 - inch, 50,000,000-electron-volt atom-smasher — is being built at the University of California in Los Angeles.

The new cyclotron will replace the 41-inch instrument built by Dr. Ernest O. Lawrence and which he used in pioneering modern atomic research.

Much information has been accumulated on what happens when particles at low and extremely high energy levels collide with an atomic nucleus, but little is known about what happens at the 50 MEV level. The new instrument is expected to help fill this gap in information.

8-Year Nightmare Over

Escaped Prisoner Makes Good, Sentence Dropped

LOS ANGELES (AP) — Frank A. Beverley's nightmare is over. He no longer fears a tap on the shoulder and someone with a badge reminding him he really wasn't Frank A. Beverley at all.

He had been living under that name eight years — since the day in 1947 when he walked away from an Alabama State Penitentiary farm gang.

He wasn't Beverley then. He was Oscar Fred Twildahl and he'd served two years of a one to five-year sentence on conviction of embezzling $150.

Maintains Innocence

"I had served two years for a crime I didn't commit," he said.

When Twildahl became Beverley he headed for California. He became what his neighbors termed a model citizen and he prospered. He married and the Beverleys had a son, now 6. They live in a $15,000 home.

Last July 8th came the tap on the shoulder. Beverley was arrested on the old fugitive warrant from Alabama. Only then his wife learned of her husband's past. She had met him on a blind date and they were wed three months later. She staunchly stood by him, saying, "He's been a wonderful husband and father."

Friends Came To Rescue

Beverley found he had friends. Abe Spiegelman, operator of the restaurant chain for which Beverley worked as a manager, declared "I trusted him and I still trust him."

Spiegelman provided a bail bond and retained an attorney to represent Beverley. And he wrote letters of recommendation to Alabaman authorities describing the life the 45-year-old man had led since coming to California.

Monday in the court of Municipal Judge Louis W. Kaufman a letter was presented from the Alabama Department of Corrections. It said that Gov. James Folsom had decided against seeking extradition.

Prisoner Walks Away With Freedom in Sight

SALEM, Ore., (AP)—A prisoner walked away from a work detail at the State Penitentiary farm annex Monday — just when legal freedom was at hand.

Donald Neal Ware, 21, serving a one-year term for forgery, had been on parole status since May 2 while prison authorities tried to locate employment for him.

Warden Clarence Gladden received word Monday that a job for Ware had been found in California, but the prisoner left before finding out. The warden said Ware would have been fired through normal channels in a few days.

Negro Fire Chief

FRANKLIN, Ohio (AP)—This city of 5,400 has a Negro fire chief, Edgar Farmer. He assumed his duties yesterday. Franklin has only about 120 Negroes in its population.

J. C. Coonley Assumes Post At HPM Firm

MOUNT GILEAD — John C. Coonley, newly elected president of the Hydraulic Press Manufacturing Co., assumed his duties here Monday. He succeeds John C. Cotner who resigned several months ago.

Coonley was named to the post last week during a special meeting of the firm's board of directors.

A native of Riverside, Ill., Coonley was general manager of the Valve Division of the A.C.F. Industries of Detroit until January of this year. He has an extensive background in the metalworking and manufacturing industries. He attended Harvard engineering school and was graduated from Milton Academy, Milton, Mass.

Coonley's wife and four daughters are expected to move to Mount Gilead from Princeton, Mass., in September.

Missing Cows Trapped In Unoccupied Dwelling

YORK, Pa. (AP)—Mrs. William Parlette said Monday that she had finally found the nine cows missing from her farm since July 24—in the cellar of an unoccupied house she owns at nearby Sunnyburn.

Four were dead of starvation and asphyxiation. The five others had survived and one had calved. The calf lived.

Mrs. Parlette said the herd wandered into the ground-level cellar to escape the heat and that one kicked shut the door, trapping them.

Woman Plans Reunion With Her 12 Children

DALLAS, Tex. (AP)—The Dallas Times Herald carried a story Sunday quoting Mrs. Clara Margerum as saying she would like to rent a big house for a four-day reunion with her 12 children.

She reported Monday she had received 93 offers. She took the first one—from a Dallas motel.

One caller wanted to marry Mrs. Magerum, a widow, so he could claim the 12 children as income tax exemptions, she reported.

Mop Salesman Handed Six-Year Prison Term

CHARLOTTE, N. C. (AP)—Harold H. Caldwell began a six-year prison term today after pleading guilty to false pretense in Superior Court on a charge that his mop business wiped up a few households.

Police said Caldwell sold mops to housewives, then returned to retrieve the mops from different members of the families, saying they were broken. He never returned them.

Fire Routs Handicapped At Goodwill Industries

AKRON, Ohio (AP) — A hundred handicapped workers at Goodwill Industries building had to flee yesterday after fire started in a fourth - floor storeroom for old clothing. Five firemen were overcome in fighting the blaze which caused damage estimated at $5,000. District chief Robert Corice was hospitalized with foot cuts from broken glass.

Aided Fellow Minister's Defense

Second Pastor To Face Wisconsin Heresy Trial

MILWAUKEE (AP)—The liberal interpretations given the doctrine of his church have brought another young suburban Milwaukee minister face to face with a charge of heresy.

The Rev. John Gerberding, 33, must stand a formal church trial on specific counts of doctrinal deviation, an investigating committee of the Northwest Synod, United Lutheran Church, voted unanimously Monday night.

Pastor Gerberding, whose church is at Menomonee Falls, sat with and tried to aid the losing defense of the Rev. George Crist Jr., of Durham, who was convicted of similar charges at a two-day trial last week.

Pastor Crist's suspension from his pulpit was recommended, and Dr. Paul E. Bishop, of Minneapolis, who headed the investigating committee, said official suspension was only a matter of time.

The cases will be reviewed by the synod conference in Milwaukee next May, with penalty to be set at that time. It might range from a rebuke to ouster from the Lutheran ministry.

Pastor Gerberding was questioned five hours Monday on the nature of his beliefs. He told newsmen that he was prepared to discuss with authorities the manner in which Scriptures might be read.

Like Pastor Crist, he denied that "the Bible must be received in a very exact and precise way," and declared that the Lutheran Church has "no cut and dried manner for receiving the Scriptures."

Dr. Bishop said the trial of Pastor Gerberding probably will be held here about the end of August.

Specifications of the general accusation against Pastor Gerberding may be made public with filing of formal charges before his trial.

Singer Will Support Husband in Court Suit

LOS ANGELES (AP)—Singer Yma Sumac says she'll stand by her husband Moises Vivanco, who faces a paternity suit.

"Of course I believe my husband is innocent," the Peruvian-born soprano told newsmen Monday. Vivanco also denied at a news conference that he was the father of twin daughters born nine months ago to Maureen E. Shea, 26, Miss Sumac's former social secretary.

The singer collapsed last week after learning of the suit against Vivanco, 38, her musical arranger.

Pact Reached In Studebaker Plant Dispute

SOUTH BEND, Ind (AP) — An agreement has been reached in the seniority dispute which led to the closing of the Studebaker plant here 11 of the past 13 work days, officials of the CIO United Auto Workers said Monday night

Studebaker-Packard Corp officials were not available for comment

William Ogden, president of the Studebaker local of the UAW, and Raymond H Berndt, a regional director, said workers are to be given "bumping" rights on the basis of seniority

"Bumping" privileges assure a worker with longer service to the firm the right to claim a job held by a person with less seniority in the event of a layoff or job reshuffling

The shutdowns of the past few days have stemmed from the refusal of about 55 workers on the final assembly line to work pending a decision on the seniority matter Their action halted production, and the firm sent home about 9 000 other employes

Both union and Studebaker officials called the stoppages 'unauthorized"

Ogden and Berndt said the seniority settlement "should insure continuous production and permit the local units and management to start negotiations on a new agreement"

Studebaker laid off nearly 1 800 workers last July 6 as new, plant-wide production standards went into effect and the union claimed seniority was not followed in the layoff

2 Bucyrians Seek Re-Election to City School Board Posts

BUCYRUS —Two present members of the Bucyrus Board of Education will seek re-election at the Nov 8 election

Franklin M. Roberts, insurance agent and former board president, and A G. Stoltz, cashier of the Second National Bank, have filed their petitions of candidacy with the Crawford County Board of Elections here

Rev M P. Paetznick board president, is the third board member whose term expires this year While he has made no public announcement, it is reliably reported that he will not seek re-election

A third candidate for the board is Clare A Sharrock, a New York Central Railroad conductor He has not sought public office previously

Deadline for filing of candidacies is Aug. 10

Meat-Packing Firms Adopting 14-Cent Pattern

CHICAGO (AP) —A 14-cent-an-hour wage increase continues to be the pay pattern in the meat packing industry

Swift & Co granted that boost Monday to three packing house workers unions representing 35,000 employes in 45 plants. Last Friday Armour & Co had reached an agreement on a similar pay boost

The AFL and CIO unions said they will carry their negotiations to Wilson & Co, Cudahy Packing Co, and other chain and independent packers.

Swift signed an agreement Monday with the independent National Brotherhood of Packinghouse Workers, the AFL Amalgamated Meat Cutters and Butcher Workmen and the CIO United Packinghouse Workers

David Dolnick, research director for the AFL union, said the new average hourly rate in the meat packing industry will be $2 12

Dispute Between Pastor, Wife Splits Parish in Wichita

WICHITA, Kan, (AP)—A religious dispute has separated a pastor and his wife and divided their congregation, an attorney for one of the parties reported Monday

Half the Gospel Assembly Church congregation is siding with the Rev E L. Mullineaux and the other half is supporting his wife, Atty Pat Warnick said

Warnick represents Mrs Mullineaux's group, which has filed a suit asking partition of church properties, or permission to buy out the faction backing the Rev Mullineaux's doctrinal beliefs.

Kohler Strike Talks Reopen

Progress Is Indicated In 16-Month Dispute

CHICAGO (AP) —Negotiators representing the Kohler Co and the CIO United Auto Workers today were to resume discussions aimed at settling the bitter 16-months old strike

Lyman Conger, chief negotiator for Kohler, said after Monday's meeting, 'We're making progress at finding out what the problems are"

The big stumbling block toward solution of the strike appeared to be about what to do about too many available employes The plumbing ware company has insisted that all of an estimated 2,300 employes who have remained on their jobs or who have been hired during the strike be kept on the payroll

The union has insisted that its Local 833 be returned to their jobs The union was bargaining agent for some 3 300 workers when the strike was called

Five-Day Fair Opens Today At Bucyrus Site

BUCYRUS — A tractor-pulling contest, scheduled for this afternoon, and the WLW Midwestern Hayride Variety show tonight are the highlights of the opening day of the five-day Crawford County Fair here

The tractor contest includes three classes, light, medium and heavy. Prizes for each class includes first, $20, second, $15, third, $10, and fourth $5 The winner in each class also will receive a trophy

Preceding the variety show at the grandstand, there will be a concert, starting at 7 p m by the all-county band, composed of young musicians from the county's 10 rural schools

James F. Gebhardt, fair board secretary, has predicted that a new attendance record for the fair may be set if weather conditions are favorable

All exhibit barns and halls are filled to capacity and tents have been erected to provide for some of the overflow commercial displays. The midway also is one of the largest and most complete in recent years.

The harness racing program will not begin until Wednesday afternoon when the events include a 2-year-old stakes pace and 2-year-old stakes trot, each with $1,000 purses, a 30 trot and 30 pace with $600 purses each Additional harness racing sessions are scheduled for Thursday, Friday and Saturday nights.

Miss Inez Van Osten

Miss Inéz B. Van Osten, a lifetime resident of Prospect, died at 1:20 a.m. today in the Willits Rest Home where she had been seven days. She had been seriously ill two months.

She made her home in Prospect with her sister, Mrs. Ferd Gabriel.

Surviving in addition to her sister is another sister, Mrs. Oliver Eads of Los Angeles, Calif., and several nieces and nephews.

Funeral services will be held at 10:30 a.m. Thursday in the Gehm Funeral Home with Herbert Woleslagel in charge. Burial will in the Marion Cemetery. Friends may call after Wednesday noon at the funeral home.

Linda L. McCormick

KENTON — The infant daughter, Linda Leigh McCormick, born to Charles R. and Mary Rigdon McCormick, at Kenton, died at 12:30 p.m. Sunday. She was born Sunday at 11:04 a.m.

Graveside rites were held Monday afternoon at Grove Cemetery with Schindewolf - Steiner - Stevens Funeral Home in charge.

Miss Lois E. Reid

BUCYRUS —Services were held Monday in Middletown, Conn., for Miss Lois Emily Reid, 73, a native Bucyrian, who died Saturday afternoon in a hospital at New Haven, Conn.

Miss Reid was a sister of the late E. G. Reid, long-time owner of Reid's Elevator here, and an aunt of Mrs. Walter J. Michael, Bucyrus. She is survived by a brother, Dr. Robert S. Reid, Oceanside, Calif., and a half-sister, Miss Anna M. Reid, Toledo.

Miss Reid was a retired registered nurse. She served in the Army nursing corps during World War I. She was a graduate of Presbyterian Hospital School of Nursing in Chicago and retained her membership in First Presbyterian Church here.

Mrs. Phillip Jacobs

BUCYRUS — Mrs. Rosa B. Jacobs, 81, of Bucyrus died at 3 a.m. today at home of a heart attack. She had been bedfast one week.

Born June 6, 1874, in Stuttgart, Germany, she was a daughter of Gottlieb and Christiana Fetzer Biettner. Feb. 14, 1894, she married Phillip Jacobs who died in 1934. She came to Bucyrus from Chatfield and was a member of the American Legion Auxiliary.

Surviving are two daughters, Mrs. Guy Phillips of Bucyrus and Mrs. Emerson Stuckman at home; three grandchildren; a brother, Isaac Biettner of Plymouth; and a sister, Mrs. Minnie Shaffstall of Bucyrus.

Funeral services will be conducted Thursday at 2 p.m. in the Wise Funeral Home in Bucyrus. Rev. M. P. Paetznick will officiate. Burial will be in Lust Cemetery north of Bucyrus. Friends may call at the funeral home after Wednesday noon.

Rush Hickman

KENTON — Rush Hickman, 76, Kenton, died at 5 p.m. Saturday in Hardin Memorial Hospital. He had been ill for the past several years.

He was born in Marion County to Ples and Rachael Hickman and spent his lifetime in Hardin and Marion counties.

Only survivors are several cousins.

Funeral services were held this afternoon at the Schindewolf-Steiner-Stevens Funeral Home with Rev. Rhys Price officiating. Burial was in Grove Cemetery.

Mrs. Charles Simmons

CRESTLINE — Mrs. Jessie E. Simmons of Crestline died at 7:10 p.m. Monday in Emergency Hospital here where she was admitted that morning. She had been ill about two years.

The daughter of Samuel and Zona Tackett Ogle, she was born in Thebes, Ill., on Jan. 9, 1903. She was married Aug. 8, 1940, to Charles Simmons, who survives.

Also surviving are: her sister, Mrs. Darmaress Snyder, and her stepmother, Mrs. Elfa Ogle, both of Frankfort, Ind.

She came to Crestline three years ago from Canton and was a member of Trinity Lutheran Church.

Funeral services will be held at 2 p.m. Thursday in the Garverick Funeral Home with Rev. C. C. Wannemaker of Galion officiating. Burial will be in Greenlawn Cemetery here. Friends may call Wednesday at the funeral home.

Ralph N. Matlack

RICHWOOD — Ralph Norval Matlack, 52, Richwood businessman and past president of the school board, died at 4 a.m. today in University Hospital in Columbus. Seriously ill three weeks, he suffered from a heart ailment.

Born March 7, 1903, in Tuppers Plains, O., he was a son of John and Margaret Osborne Matlack. July 3, 1934, he married Edith Hartman. He was a member of First Methodist Church and of the Lions Club, and was a member of the school board for 13 years, serving as its president for five years. He had owned and operated the Pure Oil Co. station in Richwood since 1938.

Surviving are his widow, his mother who lives in Richwood, and three children, Meredythe, Robert and Ardythe Matlack; and a brother and three sisters, Everett Matlack of 324 Holmes Pl. in Marion, Mrs. Mary Webster of Claiborne, Mrs. Mabel Sindle of Springfield and Mrs. Kathleen Rausch of Marysville. A brother preceded him in death.

Funeral services will be conducted Friday at 2 p.m. in First Methodist Church. Rev. Leonard Mann will officiate. Burial will be in Claiborne Cemetery. Friends may call at the Winter-Milligan Funeral Chapel in Richwood after 2 p.m. Wednesday.

Attend Denlinger Rites

Mr. and Mrs. Ira Applegett of 386 Evans Rd. attended the funeral of Mrs. A. W. Denlinger, 85, wife of Rev. A. W. Denlinger of DeGraff, Sunday at DeGraff. The services were held in the Methodist Church and burial made in the DeGraff Cemetery. Rev. Denlinger, close family friend of Mr. and Mrs. Applegett, officiated at their wedding more than 50 years ago and Mrs. Denlinger played the wedding music. Rev. Denlinger is pastor of the Methodist Church at Pemberton. Survivors include two daughters and a son.

Rodents and insects damage grain enough to feed 10 million hogs.

2 Minor Accidents Reported by Police

Two minor no-injury traffic accidents were investigated Monday and early today by Marion police. State patrolmen reported no accidents in the county.

A taxi cab driven by E. E. Phillips, 30, of 150½ N. Grand Ave. crashed into a utility pole in the 200 block on N. State St. at 3:39 a.m. today. Phillips told police he swerved to the side of the street and then into the utility pole in order to miss another oncoming car.

Only other accident caused less than $100 total damage, police estimated.

Renewal of 3-Mill Levy To Be on Ballot in Waldo

A tax levy and a village councilman's petition of candidacy have been filed with the Marion County board of elections for placement on the November ballots.

A three-mill levy for current operating expenses of the Waldo local school district will be placed before Waldo voters. This is a renewal of an existing three-mill levy.

Robert Paul Brown of Prospect has filed a petition seeking a councilman's post on the Prospect village council, for a term beginning Jan. 1, 1956.

Traffic Cases

Six drivers were assessed a total of $100 and costs in Marion Municipal Court Monday on traffic charges.

With one exception, all were fined $15 and costs. The exception was J. D. Sunderland, 32, of 372 Ballentine Ave., who was fined $25 and costs on speeding charge.

Two other drivers charged with speeding were given suspended fines of $15 and costs each. They were M. M. Church, 22, of Bowling Green, and John Demian, 32, of Columbus.

Other drivers fined $15 and costs were M. L. Levering, 23, of near Cardington, driving left of center; R. M. Rex, 51, of Bexley, failure to display driver's license, and D R. Kidd, 21, of 519 N. State St. insufficient muffler.

Doctors, Dentists Stage Argentine Protest Strike

BUENOS AIRES (AP)—Thousands of doctors and dentists began a 24-hour national strike today protesting the death of Dr. Juan Ingalinella, a Rosario physician and Communist leader who died in police custody after his arrest June 17.

Official reports said he died of a heart attack under questioning, but his associates claim he was tortured. His body was thrown into the Parana River by seven federal policemen who confessed the act and are now under arrest.

Mother Recovers After Saving Her Child From Train

MONROE, N.C., (AP)—A 25-year-old mother was recovering here today from injuries received when she threw herself across the body of her three-year-old child as a train bore down on the tot.

Mrs. Dorothy Wilson related Monday how her daughter was knocked down by a box car as the pair crossed railroad tracks Friday.

"I couldn't snatch her up because it would have cut her in two," Mrs. Wilson said. "My mind told me to jump down on her and I did.

"I was lying there on top of her and the train was moving over me. I remember seeing some of the box cars pass over me. I was scared out of my wits. Then I remember something hit me on the head."

Mrs. Wilson received 16 stitches in her hip and 14 in her head. Dianne escaped with minor bruises.

PIRATES STILL WORKING

MANILA (AP) — Piracy is not dead. The Philippines has turned over to Indonesia $15,000 worth of loot recovered from Filipino Moro pirates who raided Ogamas on the island of Celebes in January.

Officers Abandon Jeep in Hurry as Rattler Rears Up

PORTSMOUTH, Va. (AP)—Three's a crowd in an Army jeep, especially when one of the three is a rattlesnake.

Capt. John F. West and Capt. George N. Sanders were bowling along at a 40 m.p.h. clip Monday when the rattlesnake reared its head between them.

West shouted, "Don't jump." Sanders didn't hear him. He'd already jumped—into a roadside ditch, head first.

West stuck it out a few moments, then jumped too.

The jeep rolled into a ditch and stopped, unscratched. The rattlesnake slithered off into the grass. West and Sanders, bruised and dizzy, still wonder how the snake got into their jeep.

NO DOUBT OF NUTRITION

Jane Parker White Bread is ENRICHED for better nutrition, like all modern breads.

The complete list of health-giving nutrients, including generous amounts of Sunshine Vitamin D and healthful calcium, *proves* that penny for penny Jane Parker gives you more vitamins, calcium, iron and protein than any other of America's 10 leading brands!

NO DOUBT OF FRESHNESS

"Squeezing" may fool you because softness is not a true test of freshness. But with Jane Parker Bread there's no need to "squeeze", no need to guess — just look at the date!

The date on the wrapper is your guarantee of "proven-fresh" flavor. This is important because when freshness fades, flavor fades.

NO DOUBT OF VALUE

Maybe you don't quibble about pennies when it's quality you want. Fine. But why pay more than you have to?

Jane Parker makes no exaggerated claims, uses no secret formula. Its goodness and high nutritional value springs only from the use of fine ingredients, properly blended and baked.

Try Jane Parker Bread — double your money back if you don't agree it's your best bread value!

Galion

Miss Clara Belle Beeman of near Galion was married Sunday at 2:30 p.m. to Robert Needles in the Seventh Day Adventist Church, Galion. The bride is the daughter of Mr. Harry Beeman of Crestline and he is the son of Homer Needles, Galion. Virginia Beeman, sister of the bride was bridesmaid and Robert French served as best man.

Mrs. Needles works at North Electric Co. and her husband is with the Burch Co. in Crestline. After a wedding trip, the couple will be at home here.

—:—

Dr. James Secrest, son of Mr. and Mrs. Lloyd Secrest, Galion, opened his office Monday in Mansfield. Dr. Secrest will specialize in dermatology. He took his undergraduate and graduate work at the University of Rochester, N.Y., and then interned at the University Center at Rochester. He spent two years in the Army medical corps in Japan and Korea serving with a mobile surgical hospital doing operations on the front lines.

After his discharge with the rank of major in 1951 he returned to the University Medical Center in Rochester and served one year residency in internal medicine. On July 1, 1952 he went to University Hospital in Cleveland and remained there for the past three years and it was there he received training in dermatology. While there he held two staff positions, assistant dermatologist in the department of medicine at Lakeside Hospital and demonstrator in dermatology at the school of medicine in Western Reserve University.

Short-Wave Fan Picks Up Moscow Farm Broadcast

GREENSBORO, N. C. (AP)—Mrs. William E. Reed Monday night heard from her husband for the first time in more than a week—thanks to Radio Moscow and a Greensboro teen-ager who is a short-wave fan.

Her husband, a professor of agriculture at A&T College here, is touring Russia with a group of other Americans. Taylor Doggett, 19, was listening to his short-wave radio when he picked up Radio Moscow Monday night.

They were interviewing Dr. Reed, Taylor reported. The Greensboro educator said he was impressed with the Russians' hospitality.

Hearing on Water Rates Indefinitely Postponed

COLUMBUS, Ohio (AP)—A state utilities commission hearing set for today to determine water rates in Massillon has been postponed indefinitely.

The Ohio Water Service Co. got the hearing when Massillon city council refused to pass a new water rate ordinance. Council then passed an ordinance several days ago.

The water company told the commission it is studying the ordinance and wants the commission hearing postponed indefinitely. If the company accepts the ordinance, it will dismiss its action against the city, the company's attorney said.

Scarves Outlawed

WASHINGTON (AP)—Rep. Brown (R-Ohio) protested a bill permitting the sale of silk scarves, saying it would permit importers to "dump" products on the American market which would "risk and endanger the lives of Americans." Several House members said the scarves were dangerously flammable. The bill was voted down yesterday.

Is Overweight A Family Trait?

Not unless you belong to the elephant family. In over ninety-nine per cent of the cases, overweight is simply due to overeating. If you are overweight you will be interested in this letter from Sidney J. Wilson, Jr., R. 6, Medina, Ohio. Mr. Wilson writes: "Rennel Concentrate was recommended to me by a very good friend of mine. He told me how he was losing weight and how Rennel Concentrate had done wonders for him. The first week using Rennel I lost 7 lbs. Now my wife is also using Rennel and we both are obtaining wonderful results. Along with losing weight, we have so much more pep than we had before."

Thousands of others have overcome the social and physical discomfort of being overweight with this effective home recipe. It's easy—no trouble at all and costs little. Just go to your druggist and ask for four ounces of liquid Rennel Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it. No diets to complicate your meal planning. No expensive vitamins to fortify your system from weakness while going without food for you can eat normally. If the very first bottle doesn't show the simple easy way to lose pounds of bulky fat and help regain slender, more youthful curves — if reducible excess fat doesn't seem to disappear almost like magic just return the empty bottle to the manufacturer for your money back. Insist on and be sure to get Rennel.

Mount Vernon Phone Co. Asks Rate Increase

MOUNT VERNON, Ohio (AP)—Mount Vernon Telephone Co. told city council last night it will file an application with the state utilities commission this week for rate increases estimated to yield an addition $180,000 a year.

In August 1953, the company asked for increases totaling $160,000 a year. The commission rejected the application last December, and the Ohio Supreme Court recently sustained the commission.

The 1953 application was based on an appraisal of company property made before a fire had destroyed its central exchange on May 22, 1953. The commission held that rate increases could not be granted on property which no longer existed.

The company said another appraisal was made for its new application. Increases would range from 40 to 60 per cent on different classes of service, a company spokesman said.

Cold Wave Damages Coffee Trees in Brazil

RIO DE JANEIRO, Brazil (AP)—A cold wave has brought heavy damage to coffee trees in Parana state, one of Brazil's four chief coffee-growing areas.

Temperatures as low as 14 degrees and snowfalls of 20 inches were reported.

The Meridional News Agency quoted the mayor of one coffee center Monday as saying half the trees on plantations in northern Parana were destroyed.

Coffee futures on the New York market jumped the daily limit of 2 cents a pound Monday.

Asks Okay on Sale

COLUMBUS, Ohio (AP)—Ohio Fuel Gas Co. of Columbus today asked state utilities commission permission to sell a regulator station in Lakeside (Fairfield County) to Lakeside Gas Co. for $1. The station is part of the gas distribution system in Lakeside.

Mixed-Up Carrier Pigeon Invades Southern Home

LINCOLNTON, N.C., (AP)—That's no stool pigeon police here put on parole.

William Green brought in the homing pigeon who obviously doesn't know where home is. Green said the puzzled pigeon tried to break into his house via the front screen door.

It wears an aluminum band engraved with "AU-55-CNC-87." There are no known pigeon fanciers in this area.

Police paroled the vagrant in Green's custody.

May Seek Mediation

CLEVELAND (AP)—A wage dispute between the East Ohio Gas Co. and an independent union today appeared headed for arbitration or mediation. John D. Nagle, president of the Natural Gas Workers Union with 1,800 members in Cleveland, Youngstown, Canton and Akron, said his committee is authorized to call a strike but would probably seed arbitration or mediation before doing so.

Price of Peace

The trouble with Neville Chamberlain's effort to ward off war at Munich in 1938 was Hitler's knowledge that Britain was unable to fight.

What Chamberlain thought was going to be "peace in our time" proved to be only a few more months of German preparation for a one-sided attack on weak victims.

Had Chamberlain gone to Munich with the alternative of nuclear warfare in his hip pocket—and had Hitler received him with the same alternative in his hip pocket—all notions of war would have been abandoned on the spot.

The pre-World War II statesmen would have been as intensely interested in peaceful co-existence as the post-World War II statesmen have shown themselves to be.

This is beginning to be the popular guess about what caused the changed attitude at Geneva—that the Kremlin has become interested in peaceful co-existence as the alternative to violent co-destruction.

There is a worldwide feeling that no problems in sight are worth nuclear warfare. Rational men do not destroy one another over differences of opinion in their personal affairs, and it would make no sense for nations to destroy one another over differences of opinion.

The massive retaliation which is the world's last and best hope of peace dwarfs all the issues that could have sparked off belligerency when retaliation was not so massive.

Part of the price of peace under a doctrine of peaceful co-existence would be abandonment of the kind of sword-rattling that formerly led to war.

There would need to be as much attention given to conciliation as has been given to provocation. Governments would have to show as much forebearance as their citizens show in refraining from violence and murder in everyday affairs.

The price of peace, if peaceful co-existence materializes, will be high. But it will not be as high as the price of nuclear war, which is total destruction.

Washington Viewpoints Balanced

At the expiration of the first session of the 84th Congress, there is no more concern over the division of viewpoints in Washington than there used to be during the Truman administration and the latter years of the Roosevelt administration.

It was taken for granted by the time the New Deal and Fair Deal had run their courses that the balance of viewpoints had become more important in government than the party system, itself.

Presidents Roosevelt and Truman were held in check by a congressional opposition composed of elements from both their own party and the opposition party.

President Eisenhower likewise has encountered an opposition drawn from his own and the opposition party. By the same token, his support has been drawn from both parties.

Because this support, especially in foreign relations, has been bipartisan, it has strengthened his executive leadership more than it would have been strengthened by the straight Republican majority he asked for in the 1943 election.

Eisenhower, himself, said a few days after voters had returned a majority of Democrats that he had gone too far with a warning about a "cold war of partisan politics" if the 1954 congressional election failed to set up another Republican majority in the House and Senate.

The differences inside the major parties are more marked than the differences between the parties. At the close of the first session of the 84th Congress, the two-viewpoint system has reached a balance that makes it seem natural to have the executive and legislative branches controlled by opposite parties.

Bridges at Bay

Harry Bridges, the West Coast czar of the International Longshoremen's and Warehousemen's Union, passed his 54th birthday the day he was cleared the latest time of a government charge designed to put him in jail or deport him to his native Australia.

Time now is running out for both the government and Bridges. It always has been a good bet the government never would win its case against him, but now it is a good bet Bridges won't win, either. By being under the surveillance of the people who would like to deport him or jug him because of his undeviating loyalty to the dictates of the Communist party, he has destroyed himself as a revolutionary threat.

He has become, instead, a living demonstration of a government of balanced powers.

The executive branch of the government, with the approval of the legislative branch, which in 1940 tried to deport him by legislative action, has tried in every way possible to get rid of Bridges. The judicial branch has insisted the executive department must get rid of him in a manner that conforms with the letter of the law.

After 15 years of continuous effort to rid the United States of a character who entered it illegally in the first place and is accused of perjuring himself about his Communist affiliation in order to stay here, the legalists are still holding the rest of the country at bay. But as long as Bridges is being held at bay, too, it can be put down as a standoff.

Heart of U.S. Defense

America's Safety in Competent Hands of SAC

OFFUTT AIR FORCE BASE, OMAHA

They sweltered here in a temperature of 104 degrees over the weekend but they kept the vigil just the same — the vigil upon which depends the survival of America in a nuclear age.

Lawrence

For the Strategic Air Command, whose headquarters are at this huge base, maintains a 24-hour alert every day, including Sundays and holidays. It is from this command post, midway across America, that orders will be sent — if the occasion ever arises — to our bases overseas and to our bases in continental North America to send aloft our big bombers with their atomic cargoes to be dropped a few hours later upon enemy areas.

It is not their business here to evaluate the headlines — to guess whether peace has come or is just around the corner. It is not their province to speculate on whether there has or hasn't been a "relaxation of tension."

Their job is to be in touch with those who scour the skies and watch the radar screens in the far north and, through a worldwide system of teletypes, communicate their information instantaneously to the Strategic Air Command.

-:-

MANY AMERICANS in the last two weeks may have wondered whether, when there is so much talk of peace, the United States lets down its guard. This correspondent came out here just to take a look and what he saw and heard over the weekend convinces him that the air power of the United States is not letting down its guard. Indeed, it may have intensified its surveillance because sometimes in history the surprise action has come in the midst of talk of peace. Pearl Harbor has not been forgotten.

This is an altogether different kind of air force than that which was flying daily missions over Germany in the last war. If another war comes, it will not be a matter of every-day bombing with thousands of planes over one area. It will be an operation on a global scale, and the missions will be relatively few in a given area because the havoc of each blow will be great.

One modern bomber manned by only three men and carrying atomic weapons can do more damage in one sortie than 1,000 bomber planes, bearing ten men each, did in a single mission in the closing days of World War II in Europe.

-:-

THEY DON'T TALK much about the destructiveness of their bombs — certainly they speak with no ghoulish enthusiasm about the terrible capacity of their planes to engage in a "massive retaliation." They talk only in terms of deterrence. Their concept is that our Strategic Air Force, efficiently developed, must inevitably impress an enemy with the suicidal risk of initiating any attack on the United States or its allies.

This is why they strive so hard for operational perfection and exercise the most minute checks and supervisory controls over every hour of flight. Planes are in the air constantly simulating attack on American cities, measuring with tireless zeal the accuracy of their bombing techniques.

Planes are crossing the Atlantic and the Pacific at all hours of the day and night in constant touch with far-off bases. They also traverse regularly the polar wastes of the Arctic. These are not just periodic maneuvers — they are round-the-clock operations every day of the week.

-:-

SOMEWHERE IN the sky every few minutes of the 24 hours some of our planes, both strategic bombers and fighter bombers, are being refuelled by flying tankers. Neither weather nor darkness stops this routine — and, because it has been practiced for months and months, it has become a routine which could move from peacetime to war with only the addition of the actual bombs.

It's the sort of training that our fliers didn't have before the last war and which has added tremendously to the efficiency of America's Strategic Air Force.

Gen. Curtis Le May, hardened veteran of air combat in both the European and Japanese theaters in World War II and an indefatigable planner and organizer, is the commander of this all-important operation so vital to the safety and security of the United States.

-:-

HE HAS at his side a capable, devoted and dedicated staff who seem to have thought about everything, including the arrangements they must make to guarantee the continuity of their own operations if this or any other base is destroyed.

They call it "SAC" here, and to most Americans this means an abbreviation for Strategic Air Command, but to the Russians it could mean "sock" — the blow they may rightly fear and which everyone here fervently prays may never have to be delivered.

Stop That Satellite

By TRUMAN TWILL

Not the least startling effect of the White House announcement about the forthcoming basket-ball-sized satellite was the puzzlement of the high-domed commentators.

All they could do under the circumstances was suck their teeth and murmur, "Hm. Very interesting."

They couldn't blast off in favor of it or against it, as is their custom when the White House announces something. This was too big for them. Like vodka, it left them breathless.

But the cosmic significance of a satellite is no deterrent to low-domed commentators. Therefore, I am against the basket-ball-sized satellite with every fiber of my fibrous being.

I do not think it is a good thing. I think it is as contrary to nature as a two-tailed cat and would like to see it drowned without trace.

Nothing but evil and heartache can come from it.

Lovers sighing and snuffling under the velvety canopy of the stars no longer can share a sense of belonging to eternity—not if one of them is going to keep saying every hour and a half, "there goes the basketball again.

Befuddled instructors of fledglings struggling to shape the basic conceptions of what keeps them from falling off this planet are going to choke on their own chalk if they must interrupt their academic spiels on Newton and his law of gravity to quiet some moppet's misgivings about something the size of a basketball that went up but never came down.

Competition being what it is—the spice of life—the firmament will be as cluttered with basketballs as a gym floor during the pre-game warmup before a state tournament. This will lead to international friction as collisions multiply and brand-new basketballs mysteriously disappear. There will be recriminations and international conferences to make agreements covering celestial basketballs. It would be better if such celestial foolishness were nipped in its celestial bud.

Furthermore, there is some reason to believe the whole matter hit the news at this time to divert the people's attention to heavenly matters while Congress escaped Washington and went into hiding in the states and congressional districts.

This would be a snide trick, it that is what happened, because everybody knows the important thing is to keep Congress in the focus of attention. It should be shot aloft where everybody could keep an eye on it, instead of a basketball-sized satellite.

The Moon Men and the Mars Men will resent it, when it comes to their attention. The Space Ship people will consider it a hazard to navigation and take retaliatory measures.

It will be only a matter of time, moreover, until some promoter will put one up there with a streamer advertising beer — and that will usher in the newest wrinkle in outdoor advertising.

We had better forget the whole thing

Daily Bible Thought

"The heavens declare the glory of God." — Psalm 19:1. There are two hundred miles of air above us. That protects us from meteors that have pitted the airless moon, and would have destroyed life on the earth save that the oxygen of the air burns up the meteors.

Communist Smiles Carry Price Tag

By James Marlow

WASHINGTON

How much does a big smile cost?

Geneva is getting as cozy as Christmas Eve. The Russians were jolly when they met the West there. If Russian Premier Bulganin, with his chin whiskers, had put on a red flannel suit he would have made a pretty good Santa Claus.

Now the Red Chinese, meeting the United States in the same place, make an opening gesture of good will by freeing 11 American airmen.

—:—

WHAT ISN'T CLEAR of course, and may not be for months or years, is the purpose of the Communists in this sudden switch. Is it to relax tensions, as the diplomats say? Or do they hope to gain more with grins than guns?

One thing is sure: there's a price tag on the grins. What isn't sure is the price. The bill will be delivered later. For the Russians and the Red Chinese Geneva is just the first card in an all-night poker game.

At the moment there seems to be general relief and approval in this country over the slight thaw in relations between East and West. Except for Sen. McCarthy (R-Wis) there has been practically no criticism in Washington for President Eisenhower's dealing with the Communists so far.

—:—

BUT IF THE Russians and Red Chinese follow up their opener by making concessions, they will demand concessions in return. That's when the present mild Washington weather should give way to storms, with thunder.

McCarthy has been pecking away unsuccessfully at Eisenhower ever since the Senate last year condemned him for some of his conduct. He opened up Monday on the whole idea of being "friendly" with the Communists.

He blasted Eisenhower for sitting down with "tyrants and murderers." He said he's going to make an issue of the President's efforts to get along with the Communists.

—:—

McCARTHY'S ATTACK put the finger on the dilemma of both Eisenhower and the United States. What should the United States do: stay armed to the teeth indefinitely, with a chance of war at any moment, or try to reach a middle ground with the Communists if they show an inclination in that direction?

McCarthy didn't offer any answer. If Eisenhower doesn't try to reach a middle ground then war is made more possible. Yet if he yields ground on vital points the Western alliances against the Communists may collapse and they win anyway.

Peg-Legged Rover

By Frank Tripp

This sort of commonplace story has a corny anticlimax, but it's true. It contains complete instructions on how to acquire a wooden leg; with a testimonial from one who knows.

On the outskirts of the Village of Horseheads stood a largeboned, ruggedfaced man with a shabby little satchel in his hand. He had just stopped trudging northward, the direction I was driving.

He was oldish, poorly clothed and wore a peg leg, strapped to his thigh, which made his progress slow and laborious. I expected him to thumb for a ride, which he didn't. Seeing he didn't, I picked him up.

It was with difficulty that he manipulated his peg as he climbed into the front seat. It stuck straight forward and rested on top of the heater.

No—this isn't to be a story about a tramp's peg leg catching fire. It's another kind of yarn, with no sizzling point; however, there's a potential story like it in many a city block.

—:—

MY PASSENGER was full of gratitude and expressed it in good taste. He was headed for Watkins Glen. He said, "I'd like to pay for my ride." I told him I was no common carrier and declined his unusual offer.

"Oh, not with money," he protested. "I have no money. I sharpen lawnmowers, scissors and knives (he tapped his tiny tool kit). Perhaps you have a dull pocket knife with you."

I could think of a dull mower and a drawer full of knives that needed the services of his specialist but I hadn't them with me.

It developed, in a conversation which I genuinely enjoyed, that my new acquaintance went from city to village and plied his craft on the rear steps of such householders as would give him work. Obviously he sharpened with files and whetstones, since his equipment and all his earthly belongings were tucked into the worn leather bag, no larger than many women carry, — and always find inadequate.

"Have trouble getting along?" I asked: then heard: "Well, yes and no. Suppose I shouldn't complain, with all the misery there is in the world, but sometimes it's pretty tough going; has been the last few days.

"You see I can't get around very handy and a grinder with a real rig had been ahead of me everywhere I went. So I decided to move on." He chuckled merrily over his plight and added, almost in pride, "with gross assets of ten cents."

—:—

"PARDON ME, my friend," I said, "you speak good English, have a sense of humor and a trait I admire above all others, gratitude. Would you mind telling me how, you got that way; were you educated?"

"Oh, my no," he replied, "only in a country school, but I had a good home and a wonderful mother. She was educated in the seminary and had hoped I could go to college. She taught me to read good literature. That helped me a lot, but I ended up just a husky farm hand — till I lost my leg; then I became a wandering edger of sharp tools and, to be honest, none too good a one."

"How did you lose your legs?" was my natural query. "Like many another fool may lose his," he said.

Here's where my observation about any city block comes in — also, the corny anti-climax. The itinerant philosopher spoke on: ..

"By paring a corn with a razor, drawing just a drop of blood and not taking care of it—say mister, this is Montour Falls isn't it; believe I'll stop off, give the town an edge and go on to Watkins later. Thanks for the ride. Good bye!"

—:—

SOMEHOW I got a lift out of that penniless rover and thought I'd tell you about it.

A drudging country mother tried hard to make a man out of him.

And, by golly she did.

Getting Shoes Repaired

Imaginary dialogue between a customer and a shoemaker who, as an opera authority, has won a $16,000 TV jackpot:

"Good morning. How's business?"

"Pretty good. I've got 46 pairs of shoes and four reference books on Grand Opera to do."

"They tell me that when you started in business you had only one hundred dollars in cash and a limited knowledge of great composers. By keeping your nose to the grindstone you have built things up where you get a thousand dollars a minute. You're an Horatio Alger with commercials."

"It pays to keep pegging away. I see you have a pair of shoes in your hand. I understand the conditions of the game. Proceed."

"Are you ready?"

"Go on!"

-:-

"LISTEN CAREFULLY. I am giving you it in three parts. (1) What should be done to these shoes? (2) What'll it cost? (3) When will you have them ready?"

"I should be in a soundproof booth to answer."

"I give you thirty seconds . . . and if you could fix the shoes in the same period it would be just great."

"Where's the audience?"

"You don't need an audience."

"That's what you think. Every since I got onto that TV program I can't do a thing without one."

"Go ahead and answer the question, please."

"The answers are: Beethoven, La Scala, August, 1886."

"I don't follow you."

"Naturally. You chose shoes as your category. I chose Grand Opera."

"This can mix us both up."

"You're telling me! Last week a woman came in with a pair of dancing shoes to be mended and when she came for them I gave her a photograph of La Scala and an aria from Carmen. Yesterday instead of putting rubber heels on a customer's shoes I put on two phonograph records of Tosti's "Good-bye."

"I guess I had better come back some other time. What day would you suggest, and no prompting please?"

"Would you repeat that question. I'm nervous."

"With you nervous and me shoeless we are getting nowhere. I think I'll quit while I'm ahead."

"If I'm smart I'll do likewise!"

GM BUSTED ALL RECORDS for auto production the last quarter, turning out 2,700,000 cars . . . Looks as if the horse and buggy days were over.

Khrushchev and Bulganin will visit England and may visit the U.S.A. . . . It all depends on whether their smiles are for the long pull or the quick turnover . . . We hear they will come only on a promise we won't show them any movies of the Kremlin delegates and their routines in the U.N. during the last 10 years. There is so much international smiling just now that in the interest of self protection perhaps we should agree on a semiannual smile inspection to determine who is smiling for aggression and who is grinning for defense purposes.

News of Other Years

40 YEARS AGO — With more than 300,000 prisoners in their possession as a result of the fighting of the previous month, the Austro-German forces in Poland were driving through the Russian front. The offense threatened to cripple, if not destroy, the Czar's main armies, a report from Berlin via Amsterdam stated.

One of the most-important and most highly-regarded business landmarks in Marion passed another chapter in its history when the clothing store of J. Strelitz and Sons was transferred into the hands of James Dugan, Cardington clothing merchant.

10 YEARS AGO — Solid sheets of flame visible more than 180 miles blanketed four Japanese cities and a large oil refinery center as 820 B-29's smashed Japan with 6,632 tons of bombs and mines in the greatest air raid in history.

A master plan for reconstructing a peaceful Europe emerged from the decisions of the Big Three conference at Potsdam but Russia's role in the conflict with Japan remained cloaked in secrecy, it was disclosed in 6,000-word report on the Potsdam meeting between President Truman, Generalissimo Stalin and Prime Minister Attlee.

Rev. William J. Spickerman, pastor of St. Mary Catholic Church, was one of four pastors appointed to serve as deans of newly-designated deaneries in the Diocese of Columbus by Bishop Ready at Columbus. Rev. Spickerman was dean of the Western deanery which included Hardin, Marion, Morrow, Union, Delaware and Madison Counties.

Radio and Television

By JOHN CROSBY

Nice Young Married Couple

I don't know how Peg Lynch does it. She's been turning out "Ethel And Albert," first as a radio, then as a television show, for what seems like generations now; and the stuff seems as fresh as ever. Partly this is because Miss Lynch who writes as well as stars in the series, can get an awful lot of mileage out of some very small crises.

JOHN CROSBY

Most of the crises that befall this married couple are pretty tiny ones, and they meet them with a sort of deadpan innocence that gives the show its chief charm. In one fairly typical one, Ethel gets herself all tangled up trying to figure out the name of a tune some workman is whistling in the street. Pretty soon she has got a very reluctant Albert wracking his brains, too.

-:-

AND WHEN THEY CAN'T manage it, they call the workman in and he doesn't know the name of the tune either. So the workman calls his wife to see if she knows. "No, I haven't been drinking," says the workman over the phone. "Well, I was whistling and this lady wanted to know...Well, the lady who owns this house!" And then, of course, the poor guy is in real trouble.

From such slender threads, Miss Lynch can suspend a whole half hour of fragile domestic comedy which generally hinges on the inescapable differences between men and women, differences which are by no means eradicated by years of married life. I'm especially amused by the way Ethel and Albert can each pursue their own quite different thoughts aloud at the same time, each only dimly aware of the other's.

Another of the pleasanter aspects of the show, too, is the fact that practically everyone in it is terribly, terribly nice and by simply being nice they get themselves into trouble. Like that workman getting in dutch with his wife just because he was trying to help out Ethel and Albert.

-:-

MISS LYNCH ALSO HAS a keen ear for that utterly inane conversation that people indulge in when they can't think of anything else to say and — well, they can't just stand there.

"Been a nice day."

"Yes, hasn't it?"

"Very nice day. Well, pretty soon it'll be fall."

"And then — winter."

Of all the young married couples on the air — and heaven knows there are quite a collection of them —Ethel and Albert seem most to resemble people who might live down the block. With all due respect for Miss Lucille Ball, you know all along that she is an actress. With Miss Lynch and Alan Bunce, who plays Albert, you think they'd be anything but actors —which is a very skillful form of acting in its own right.

-:-

SID CAESAR CAN'T be taking much of a vacation. It's true he isn't on the screen any more, but he must be spending all his time in the wings coaching his summer replacements in how to play Sid Caesar. Everybody on the summer replacement show — even the girls —seem to be playing Caesar for all it's worth.

Same tricks, same mannerisms, same exaggerated postures and facial contortions and also, I'm afraid, pretty much the same material. Not that it's bad material — it isn't. But it's the same sort of material and I think that's a little short-sighted. Partly the idea of a summer hiatus is to give the comics a rest, but at least partly the idea is to give the audience a rest, too.

When the big man returns in the fall and appears in a bunch of sketches which closely resemble those that Sandra Deel, Sid Gould, Phil Foster and Cliff Norton have been appearing in all summer, I should imagine the home audience will be just a little tired of it all.

-:-

AS SUMMER SHOWS go, this is a very elaborate operation, and the sketches, especially a running one called "The Pharmacist and His Mate," are very clever, but they all sound to me not only as if Sid Caesar ought to be in them but as if Mr. Caesar had already been in them.

Motorcyclist Hurt When Hit by Auto

GALION — Louis Paul Stumpp, 62, of Akron, is in Galion Community Hospital with injuries suffered last night when he was hit by a car while pushing his motorcycle along Harding Way West near the Winchester Road.

Stumpp was cited by Galion city police for improper lights.

Police said the car driven by David Keckler, 20, of Galion, rounded a curve in the road and struck Stumpp who was pushing his motorcycle toward Galion after the motor had failed to work.

Stumpp suffered bruises over his entire body and possible injury to his right shoulder. He was taken to the hospital in a Volk ambulance.

Escapee Captured

SPRINGFIELD, Ohio (AP) — The FBI said they and Springfield police had arrested an Alabama prison escapee here last night. The man was identified as Andrew McElreth, 27, who the FBI said was serving an 18-month sentence for auto theft when he escaped from Atmore State Prison at Atmore, Ala., Dec. 2, 1954.

Local 40 et 8 Assists Nurse Trainees

TWO MARION AREA high school graduates will soon enter nurses training schools through assistance provided by a project of Marion County Voiture No. 48, 40 et 8. Presented checks for $200 each to apply on their tuition were Miss Joyce Benge of Caledonia and Miss Laura Lowther of Cardington.

The presentations were made at the Voiture meeting Monday night. Shown presenting and receiving the checks are (left to right; Birtle Van Horn, chef de Voiture, Philip Simon, commissar intendant of the Voiture Miss Benge and Miss Lowther.

R. E. Copeland is chairman of the nurses training program of the Voiture.

Recognizing the great need for trained nurses both locally and on a national level, the Voiture sends out application blanks to all the high schools in the area covered by its members. From the applications submitted, selection is based on the need for financial assistance, personality, scholastic record and aptitude.

Miss Benge will enter Mt. Carmel Hospital in Columbus and Miss Lowther plans to enter Ohio State University Hospital.

First girl to benefit from the Voiture's program was Miss Martha Burklew, daughter of Mr. and Mrs. Richard Burklew of 373 Olney Ave. Now in her senior year at Riverside Hospital in Toledo, she has been a leader in many activities of her class since her first year of training.

Ashley Native Named To Head Patrol Unit for Ohio's Turnpike

A native of Ashley, John L. Bishop, today was promoted to the rank of lieutenant in the Ohio State Highway Patrol and assigned to command the new 10th district which will be charged with policing the 241-mile Ohio Turnpike.

Announcement of the promotion and formation of the new district was announced today by Col. George Mingle, patrol superintendent. Bishop has been assigned to the sixth district at Columbus since 1949. Prior to his promotion he held the rank of first sergeant.

New District

"Lt. Bishop will command the 10th District which is being created exclusively for turnpike duty," Col. Mingle said. Policing of the section of turnpike now open from the Pennsylvania border to Highway 18 in Mahoning County is being handled by the Canfield Post under Cpl. J. R. Fitzpatrick.

The 10th District is expected to assume its duties on Oct. 1, 1955. Present plans call for establishing a district headquarters at Strongsville in Cuyahoga County, where the Turnpike Commission will also have its headquarters in connection with the operation of the state's first toll road.

In addition to being in charge of the policing of the entire turnpike, Lt. Bishop will serve as liaison between the patrol and the turnpike commission. The Ohio operation will be patterned after that used in other eastern states that have toll roads, Col. Mingle said.

Detailed studies of the policing operation of the Pennsylvania and New Jersey turnpikes have been made by Lt. Bishop and other patrol officers, Col. Mingle pointed out that "in addition to these extensive studies we will take advantage of the things learned in policing the 21-mile section of the Ohio turnpike which was opened on Dec. 1, 1954."

May Have 60 Men

The number of men to be assigned to the turnpike may vary from time to time, Col. Mingle said. However, he said present plans call for assigning approximately 60 men to the detail when the entire 241 miles are opened to the public.

Completion date for the turnpike has been set at Oct. 1, 1955 by the commission, Col. Mingle said the 10th District will be in full operation by that time including equipment and communications.

The 1955 Ohio General Assembly authorized the patrol to add the number of men necessary for adequate policing of the turnpike. Salaries of patrolmen assigned to the turnpike as well as equipment needed by the District will be paid for by the turnpike commission.

Although the patrol has already launched a recruitment program, only experienced officers will be assigned to turnpike duty, Col. Mingle said, "Some young officers will be among those assigned to the turnpike but only after they have had the regular training which includes the patrol school and duty on the road with veteran officers."

Lt. Bishop entered the patrol in April 1938. During World War II he served with the Army as a sergeant in intelligence. The 42-year-old lieutenant, his wife, Martha, and their three children, Jon Jay, 12; Vivien, 9; and Susan, 8; reside at 1823 Devonshire, Columbus. He is the son of Hugh Bishop of near Radnor.

Dayton Girl, 4, To Face Delay On Citizenship

Honse, Senate Fail To Agree Over Bills To Avoid Deportation

WASHINGTON (AP)—It looks as though there will be no law passed during the current session to make 4-year-old Janie Thomas an American citizen.

The House and Senate have passed two different bills to make the little Dayton, Ohio, girl a citizen, but neither side will agree to the other's version.

Jane was born in Trieste, daughter of an American GI, Leslie Thomas, and an Italian mother. After Jane arrived in this country, Thomas found a stipulation in immigration law required that he have five years residence in the United States after attaining the age of 16 to make his foreign-born daughter a citizen. Thomas was only 20 when Jane was born.

The House bill, introduced by Rep. Walter (D-Pa), applies only to Jane. The Senate verson, sponsored by Sen. Bender (R-Ohio), covers all young children in Jane's circumstance.

Walter said the President would veto the Senate bill. Senate Judiciary Committee attaches called Walter's bill "unconstitutional."

With both sides standing firm, Jane apparently will have to wait until Congress meets again in 1956 before the situation is ironed out. Walter said there is no danger of her being deported.

200 Arrested After 30 Die in Morocco Riots

CASABLANCA, French Morocco (AP) — Nearly 200 persons were under arrest in French Morocco today in the wake of bloody weekend riots during the Moslem feast of Aid-El-Kebir.

Some 30 persons were reported killed in the rioting at Moulay Idriss and Marrakech.

Reports said 128 arrests had been made at Port Lyautey, site of a big U. S. naval air base, and 60 persons had been arrested at Moulay Idriss.

At Marrakech, French troops were replacing the police of Thami El Glaoui, powerful old pro-French pasha of the city who had engineered the replacement two years ago of nationalist - minded Sultan Mohammed Ben Youssef by his uncle, Mohammed Moulay Ben Arafa.

Reports have been current that the French, on the advice of the new resident general, Gilbert Grandval, are about to remove the unpopular Ben Arafa. Movement of French troops to Marrakech apparently was designed to ward off trouble between nationalists there and Berber tribesmen loyal to El Glaoui and Ben Arafa.

Argentine Swimmer Seeks Endurance Mark

COLUMBUS, Ky. (AP)—Antonio Abertondo, 37-year-old Argentine swimmer, hopes to set a Mississippi River endurance record late today.

Abertondo last was reported at this Kentucky town not far south of Cairo, Ill., Monday. He had covered some 200 miles.

He left St.Louis at 9:43 a.m. Saturday and planned to complete the swim to Cottonwood Point, Mo., a distance of 300 miles, by late today.

He is trying to beat a record set by John Sigmund, St.Louis butcher who swam 292 miles from St. Louis to Caruthersville, Mo., in 89 hours 59 minutes in 1945.

Walkouts Hit 2 Plants

Farm Machinery Firms, UAW Seek Wage Pacts

MOLINE, Ill. (AP) —Negotiators seeking a settlement of a strike at eight Deere & Co. plants in Illinois and Iowa were in recess today after failing to reach a settlement in a 10-hour meeting.

The next meeting between the company and the CIO United Auto Workers was set for 1:30 p.m. (CST) Wednesday. The negotiators met until 1:30 a.m. today but spokesmen declined to comment on what progress, if any, was made. Earlier, a union spokesman said he was hopeful of an early agreement in the wage dispute involving about 12,500 UAW members.

The strike started Monday at the company's three plants in East Moline, Ill., and one each in Moline and Dubuque, Des Moines, Ottumwa and Waterloo, Iowa. The union has asked for a substantial wage increase. a UAW spokesman said the average wage of Deere workers is $2.28 per hour.

At East Peoria, Ill., a settlement formula for the strike of 18,000 CIO-UAW workers at Caterpillar Tractor Co., who have been off the job since Saturday, was to be submitted to a ratification vote today.

There was no official confirmation of the terms agreed upon by company and UAW negotiators but it was learned reliably that the union won its demand for a union shop and an 8-cent hourly wage increase which would bring the average pay scale to $2.48.

Negotiations also are in progress between the CIO-UAW and Allis-Chalmers at West Allis, Wis. Although the union has threatened strike action, there has been no work stoppage.

In Chicago, the UAW is negotiating with International Harvester Co. The Harvester contract does not expire until Aug. 28. Contracts of the other three tractor and farm equipment manufacturing firms with the UAW expired at midnight Sunday.

Jobs Up in Cleveland

CLEVELAND (AP) — Employment in greater Cleveland has reached its highest point in 16 months and unemployment its lowest ebb in 19 months, the state reported yesterday. Donald P. Smith, area director of the bureau of unemployment compensation, said there were 653,600 persons employed and 23,000 unemployed. He said Cleveland was now in the tightest labor market since 1955 and it would get tighter toward the end of 1955.
